Personalized semisolid for transdermal and transmucosal drug delivery

In this course, Dr. Hudson Polonini guides us through the principles of transdermal drug delivery, showcasing Pentravan and Pentravan Plus as transdermal bases of choice for this type of preparations and emphasizing the scientific evidence and studies behind the attributes of the vehicles. Additionally, existing therapeutic strategies in the fields of endocrinology, gynecology, and antiaging medicine are presented, finishing with practical guidelines for successful compounding with Pentravan.
