Product Highlights

TrichoOil is a 100% natural lipid vehicle activated by TrichoTech, an intelligent phytocomplex that acts on the entire hair system. It solubilizes liposoluble actives and brings them to the BBS (Bulb, Scalp and Shaft) hair system through the lipid layer, aiding fatty acids. TrichoOil contains essential fatty acids that promote restoration and hydration of the scalp and shaft.

- Seals and strengthens the cuticle
- Decreases porosity of the cuticle
- Replaces fatty acids of the hair fiber
- Restores and hydrates the scalp
