

NOURIVAN™ ANTIOX

Antioxidant Cream

Nourivan™ Antiox is an antioxidant-enriched, hydrophilic vanishing cream that offers the ideal compounding vehicle for APIs and DCIs susceptible to oxidation — such as resorcinol and hydroquinone — without the need for additional antioxidants. Non-comedogenic and gentle, it rapidly vanishes into the skin while delivering excellent moisturizing properties suited for balanced and dehydrated skin.

HIGHLIGHTS

- **Mid API load, up to 20%** — compatible with a broad range of active pharmaceutical ingredients and dermaceutical ingredients
- **Broad solvent compatibility** — diethylene glycol monoethyl ether, glycerin, propanediol, propylene glycol, purified water, and sunflower oil
- **Formulated without common irritants** — free of fragrances, dyes, parabens, mineral oils, SLS, propylene glycol, and ethoxylates
- **Suited for balanced and dehydrated skin** — nourishing formula with excellent hydration effect
- **Dermatologically and clinically tested** — demonstrated not to produce clinical signs of irritation or discomfort in participants and found to be non-comedogenic and non-acnegenic per the Acne Lesions Assessment.

SAMPLE FORMULAS

- FA-24418** – Hydroquinone 4% - Kojic Acid 3% Cream (Nourivan™ Antiox)
- FA-23231** – Tretinoin 0.025% - Niacinamide 4% - Hyaluronic Acid - Glycolic Acid 8% Cream (Nourivan™ Antiox)
- FA-22858** – Dapsone 5% - Tazarotene 0.1% Cream (Nourivan™ Antiox)
