Igniting Hope. Restoring Lives.

Ongoing Opportunities

WHY DO WE SORT HYGIENE ITEMS AND CLOTHING?

The CityTeam warehouse receives clothing donations for all ages and hygiene essentials for neighbors in need. After we receive these items, we seek the help of volunteers to sort items by category and size so they can be distributed to families though our neighborhood Pop-Up Closets, and to unhoused neighbors through encampment outreach.

WHAT IS THE ULTIMATE GOAL?

CityTeam is committed to providing a high-quality experience for our Pop-Up Closet guests. To ensure this, we present a curated selection of clothing sorted on racks by age and gender. This quality "shopping" experience for families is made possible by the sorting that happens in our warehouse. This positive experience builds trust, community, and provides pathways towards other holistic services.

Hygiene kits are specially packed with essential resources that are often inaccessible to our unhoused neighbors. By packaging items such as toothbrushes, soap, socks, combs, etc., we can provide dignity to our neighbors experiencing homelessness.

WHAT IS REQUIRED OF VOLUNTEERS?

- Wear long pants and closed-toe shoes. Please dress modestly and comfortably.
- Please do not bring valuables. We do not have a secure place for volunteers to leave belongings.
- Children must be 8+ to volunteer with their parent and both parent & child need to be registered individually

WHAT DOES VOLUNTEERING LOOK LIKE?

- **Donation Sorting:** Organize and sort the incoming clothing and small household items
- **Hygiene Kit Assembly**: Preparing hygiene kits for distribution
- Volunteers are needed to help in our warehouse in many different ways. Our needs change daily. We appreciate your flexibility with the variety of tasks you might be asked to help with.

WANT TO SUPPORT BY SORTING ITEMS?
