

VINView knows inbound vehicles are important to you.
To help you stay informed of the latest developments, we have introduced
Saved Searches.

So the next time you log into VINView, you can quickly find the **Information you need.**

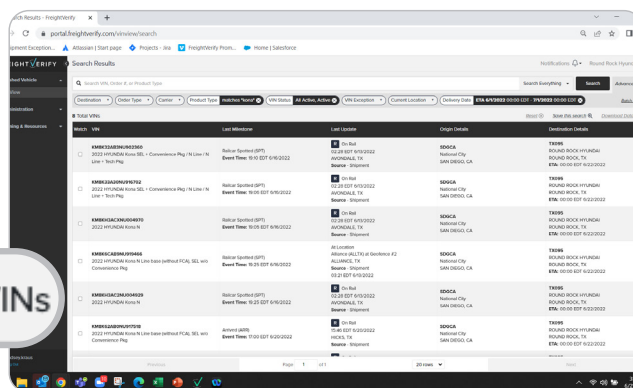

1 Say you've created an Advanced Search,

for 2022 Hyundai Kona,
which are scheduled to arrive
at our dealership between
June 1 - July 1.

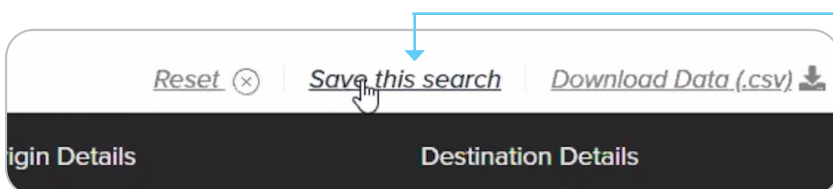

2 VINView returns the results.

In this case, 5 VIN's meet this criteria.

3 Now you can **Save the VINView Search** to your VINView home page.

Click **“Save This Search”** located just above Destination Details.

4

A dialog box will prompt you for a name for the search, such as...

Edit Saved Search

5

Press “Save” and
your search is saved
on your VINView home screen!

6

The screenshot displays the Dealer's Hub interface. At the top, there's a section for "Assigned Vehicle VINs" with two circular indicators: "245 Active" and "6 New Active". Below this, it says "Delivered Last 30 Days" with a truck icon and "87 Delivered". To the right, there's a table with columns: "Watch VIN", "Product Type", and "ETA". The first row shows a checked box, VIN "KM-HRC633NU1B6747", "2022 HYUNDAI VENUS SEL & Limited", and "00:00 EDT 6/26/2022". Below the table are "Previous" and "Next" buttons, and a pagination bar showing "Page 1 of 1".

Below the table is a section titled "My Saved Searches" with a dropdown arrow. It states "There is 1 total saved search." Below this is a search bar containing "2022 Hyundai Kona Arriving In June" and a pencil icon. Below the search bar, there's a circular indicator showing "8 Active" and a section titled "Other" with a truck icon and "0 Delivered". A blue arrow points from the text "...and quickly see the VINs!" to the "Other" section.

[illegible]

Keep in mind, you can also create a Saved Search from the VINView Home Page by clicking on the “+” located in the right margin across from “My Saved Searches”
