In this case, the VINView search returned 5 VIN's.

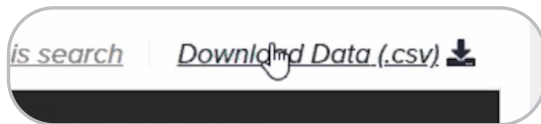

5 Total VINs
Watch VIN

To make this easy for you...

Every time you see a search result in VINView, you'll notice the command line on the far right: **"Download Data"**

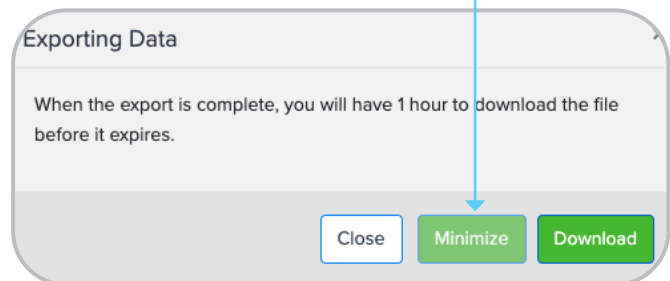

Click on **"Download Data"**

Then, depending on the size of the file, you can choose to be notified when the file is ready.

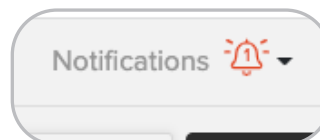

Click **"Minimize"**

to be informed with an update to our **Notifications panel** on the VINView home page.

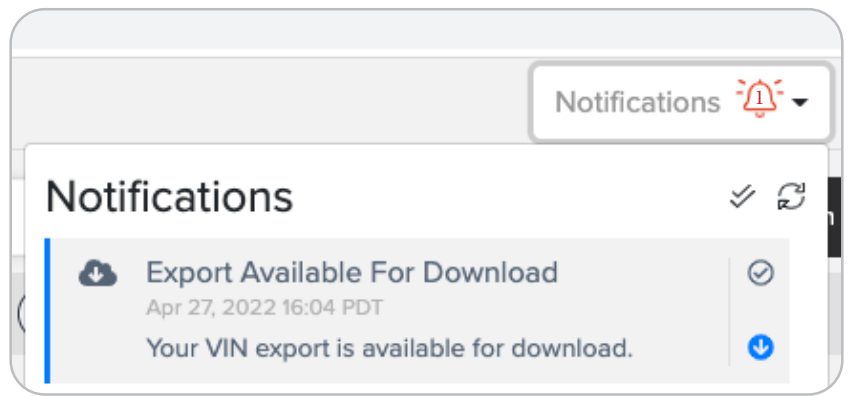

A moment later, the **Notification alert** is triggered and the graphical bell on the desktop rings.

This is letting you know that the file is **ready for download.**

If you choose to minimize the download window:

When your download is ready, you will receive a notification. When the notification panel is clicked, you'll see "Export Available for Download"
