Consultation	This Policy has been prepared and agreed in consultation with the recognised Somerset County Trade Unions. As a result, schools are only required to consult individually prior to the adoption of the Appraisal policy if they are making amendments. NOTE: You are not required to consult on the whole appraisal policy each year (although you may wish to do so), you are only required to consult on any changes that were not formally adopted in the previous policy.
Summary of changes	Continues to reflect the updated School Teachers Pay & Conditions Document 2024 which removed the statutory requirement for Performance Related Pay (PRP). Schools can continue to apply PRP, however, if they choose to do so they MUST consult individually with the recognised professional associations and staff prior to adoption of this policy.

POLICY FOR APPRAISING TEACHER PERFORMANCE

The Governing Body of The Moorland Federation adopted this policy from Sept 2025 formally on 3rd Feb 2026 following consultation with the recognised teaching unions at County level.¹

It will be reviewed in a year's time at the beginning of the 2026 school year.

PURPOSE

This policy sets out the framework for a clear and consistent assessment of the overall performance of teachers, including school leaders, and for supporting their professional and personal development within the context of the school's plan for improving educational provision and performance, and the professional standards expected of teachers.

The appraisal procedure will be used also to address any concerns that are raised about a teacher's performance. If concerns are such that they cannot be resolved through the appraisal process, there will be consideration of whether to commence the separate capability procedure.

APPLICATION OF THE APPRAISAL POLICY

This policy applies to school leaders and to all teachers employed in our schools except those on contracts of less than one term and those undergoing induction (i.e. ECTs) or those who are subject to formal capability procedures.

The policy will be applied in a way that is robust whilst maintaining the impact of workload for teachers, line managers, school leaders and governing bodies.

Appraisal in our federation will be a supportive and developmental process designed to ensure that all teachers have the skills and support they need to carry out their role effectively. It will help to ensure that teachers are able to continue to improve their professional practice and to develop as teachers.

THE APPRAISAL PERIOD

The appraisal period will run for twelve months normally from 1st September to 31st August.

Teachers who are employed on a fixed term contract of less than one year will have their performance managed in accordance with the principles underpinning this policy. The length of the period will be determined by the duration of their contract.

Where a teacher starts their employment at the school/academy part-way through a cycle, the Headteacher² or, in the case where the employee is the Headteacher, the Governing Body shall determine the length of the first cycle for that teacher, with

¹ This model policy was the subject of consultation with the recognised teaching unions/professional associations at County level and is offered to schools and academies for adoption. Any local amendment of this model will require further consultation with the recognised unions.

² Where Headteacher is noted in this policy this will refer to the Executive Headteacher and/or the Head of School unless specifically noted as one or the other.

a view to bringing their cycle into line with the cycle for other teachers as soon as possible.

Where a teacher transfers to a new post within our federation part-way through a cycle, the Headteacher or, in the case where the employee is the Headteacher, the Governing Body shall determine whether the cycle shall begin again and whether to change the appraiser.

APPOINTING APPRAISERS

All appraisers of teachers, other than those appraising Headteachers³, will be qualified teachers suitably trained in the appraisal process.

Executive Headteacher (see footnote below number 3 for Heads of School)

The Headteacher will be appraised by the Governing Body. The Governing Body will appoint an external adviser to provide advice and support in relation to the management and review of the performance of the Headteacher. The external adviser will have a proven expertise in performance management of Headteachers and will have no professional or personal connection with the Headteacher.

The task of appraising the Headteacher, including the setting of objectives, will be delegated to a sub-group normally consisting of 3 members of the Governing Body.

Where a Headteacher is of the opinion that any of the Governors appointed by the Governing Body is unsuitable to act as their appraiser, they may submit a written request for that Governor to be replaced, stating the reasons for the request.

Teachers

The Headteacher will choose the appraiser for each teacher. Where teachers have an objection to the Headteacher's choice, their concerns will be carefully considered and, where appropriate an alternative appraiser will be offered. All appraisers appointed by the Headteacher will be qualified teachers and will have current or recent teaching experience.

Due regard must be paid to the workload of appraisers when decisions about the choice of appraisers for teachers are made. Appropriate working time must be made available for appraisers to carry out their role, whatever the number of appraisees.

Where it becomes apparent that the appraiser appointed by the Headteacher will be absent for the majority of the appraisal cycle, the Headteacher may perform those duties themselves or delegate those duties to another teacher for the duration of that absence.

If the Headteacher appoints an appraiser who is not the teacher's line manager, the appraiser to whom they delegate those duties will have an appropriate position in the staffing structure, together with the necessary background knowledge, skills and training to undertake the role.

³ The Heads of School are appraised by the Executive Head teacher. The Executive Head teacher by a panel of governors supported by an external SIP.

SETTING OBJECTIVES

The Executive Headteacher's objectives will be set by the appraisal sub-group of the Governing Body after consultation with the external adviser.

Objectives for each teacher will be set before, or as soon as practicable after, the start of each appraisal period. The objectives set will be Specific, Measurable⁴, Achievable, Realistic and Time-bound and will be appropriate to the context of the appraisee's work and their role and level of experience/career stage. In setting the objectives, appraisers will have regard to what can reasonably be expected in the context of roles, responsibilities and experience, consistent with the school's strategy for achieving a work/life balance for all staff.

Objectives will be recorded in the Appraisal Planning and Review Statement (a model template Appraisal Planning and Review Statement is attached as [Appendix 2](#)). Appraisees may at any point append their comments alongside their objectives.

The appraiser and appraisee will seek to agree the objectives. Objectives may be revised if circumstances change. The school will operate a system of moderation to ensure that all appraisers are working to the same standards. Targets will be moderated across the school to ensure that they are consistent between teachers with similar experience and levels of responsibility. Should the objectives not be agreed, the final decision on allocation of objectives rests with the Headteacher. The appraisee can record their disagreement on the appraisal statement and this will be taken into account at the appraisal review.

The agreed objectives will contain a description of what success may look like. Where use of numerical targets is appropriate (objectives and appraisal discussions will not be based on teacher generated data and predictions, or solely on the assessment data for a single group of pupils), these will be reasonable, in the circumstances in which the teacher works and it will be recognised that factors outside teachers' control may significantly affect success.

Setting more than three objectives, or using sub-targets, can lead to teachers experiencing unreasonable workload and pressure, making the objectives more difficult to achieve. Therefore, other than in exceptional circumstances, no teacher will be given more than three objectives.

The objectives set for each teacher are intended to contribute to the school's plans for improving the school's educational provision and performance and improving the education of pupils attending the school and will take into account the professional aspirations of the teacher.

The appraiser will take into account the effects of an individual's circumstances, including any disability, when agreeing objectives. For example, this might include a reasonable adjustment to allow an individual slightly longer to complete a task than might otherwise be the case. When staff return from a period of extended absence, objectives may be adjusted to allow them to readjust to their working environment.

RELEVANT PROFESSIONAL STANDARDS

⁴ Where an objective is measurable due regard should be paid to the reasonableness of any numerical targets identified.

Before, or as soon as practicable after, the start of each appraisal period each teacher will be informed of the professional standards against which that teacher's performance in that appraisal period will be assessed. All Teachers will be assessed against the standards contained in the document "Teachers' Standards" published in July 2011⁵ (see [Appendix 3](#)). The Headteacher or Governing Body (as appropriate) will need to consider whether certain teachers should be assessed against other sets of standards, published by the Secretary of State or another body, that are relevant to them. For Headteachers this may include the) Headteacher Standards (2020). For Qualified Teacher Learning and Skills (QTLS) holders, that may include the overarching professional standards for teachers in the lifelong learning sector, held by the Institute for Learning. The standards against which the teacher will be assessed in the appraisal period will be recorded in the Appraisal Planning and Review Statement.

All teachers should be able to demonstrate competence against the relevant professional standards. It is expected that competence will be further developed as a teacher's career progresses. To progress to the Upper Pay Range a teacher will need to demonstrate that they are "highly competent in all elements of the relevant standards", as specified in Part 3, paragraph 15 of the School Teachers' Pay and Conditions Document 2025.

In consultation with teaching staff, each school will make it clear what constitutes "competent", and "highly competent" performance against the Teachers' Standards in that school, taking into account career stage. Schools will also need to be clear about what constitutes "inadequate" performance against Teachers' Standards. In articulating competence schools may wish to have regard to the Ofsted grade descriptors for quality of education in defining levels of performance.⁶

In this context however, if using descriptors for such purposes schools should avoid reliance upon simply grading lessons as this may cause difficulty in positive dialogue aimed at improving an individual's standard of professionalism and therefore the all-round learning experience for students.

An exemplar Teachers' Standards template is attached ([Appendix 4](#)) which can be used for individual teacher self-evaluation or to support a shared assessment of a teacher's performance against the Teacher Standards at different career stages. Schools wishing to make use of this or a similar template to support teacher appraisal should consult with staff in determining the characteristics/descriptors of practice against the individual Teachers' Standards.

REVIEWING PERFORMANCE

Observation

Our federation believes that observation of classroom practice and other responsibilities is important both as a way of assessing teachers' performance in order to identify any particular strengths and areas for development they may have and of gaining useful information which can inform school self-evaluation and improvement more generally.

⁵ "Teachers' Standards" DfE 2012, terminology updated 2021

⁶ "School Inspection handbook" Ofsted 2024,

The amount and type of classroom observation will depend on the individual circumstances of the teacher and the overall needs of the school.

Classroom observation for appraisal purposes will be carried out by those with QTS.

The effective and efficient operation of the appraisal process requires lesson observation to be a confidential process of constructive engagement within an atmosphere of support and co-operation.

Accordingly, observations will be carried out in a supportive fashion, with professionalism, integrity and courtesy, will be evaluated objectively and reported accurately and fairly and will take account of particular circumstances which may affect performance on the day.

The arrangements for classroom observation will be agreed between appraiser and appraisee in advance, will be included in the Appraisal Planning and Review Statement at the start of the cycle and will include the amount of observation and specify its primary purpose, any particular aspects of the teacher's performance to be assessed, the duration of the observation, when during the performance management cycle the observation will take place and who will conduct the observation.

For the purposes of appraisal, teachers' performance will be observed on an appropriate and reasonable number of occasions and will, as far as possible, be agreed by the appraiser with the appraisee based on the individual circumstances of the teacher and the overall needs of the school. The number and duration of appraisal observations will be in accordance with our federation Classroom Observation and Visits Protocol (attached as [Appendix 1](#)), which includes provision for exceptional circumstances where concerns have been raised about a teacher's performance, or where the teacher requests additional observation visits.

The appraisee will be given verbal feedback by at least by the end of the next school day and written feedback within 5 working days, unless circumstances make this impossible. For the purpose of professional development, feedback about lesson observations should be developmental, in line with the school's classroom observation and visits protocol.

Headteachers or other leaders with responsibility for learning and teaching standards may also visit classrooms in order to fulfil their school leadership responsibilities. A distinction needs to be made between observation for the purposes of the formal Appraisal process, and school leaders' general responsibility to know their school, the staff and the children and support good practice. The length and frequency of visits to classrooms and the notice to be given, will vary depending on specific circumstances but will be in accordance with the school's classroom observation and visits protocol.

The school may use the findings of each classroom visit and observation, including appraisal observations, for other management purposes (for example subject area reviews), thereby seeking to keep the total number of occasions on which teachers are observed to reasonable levels⁷.

⁷ Likewise, any findings from classroom visits by school leaders that might be relevant to and supportive of a teacher's professional development should be fed back to appraiser and appraisee as soon as possible after the classroom visit has taken place, to inform the appraisal process.

Teachers (including the Headteacher) whose posts have responsibilities outside the classroom should also expect to have their performance of those responsibilities observed and assessed.

Where a teacher is experiencing difficulties, see the section on Teachers Experiencing Difficulties (below).

Other Evidence

As well as Classroom Observations, other evidence will be used in the appraisal process in making an assessment of a teacher's overall performance, whether they have met their objectives and their level of competence against the Teacher Standards. Below are some examples of evidence schools may wish to include in consultation with staff:

- *Self-assessment*
- *Peer-review*
- *Pupil progress data, pupil progress in books*
- *Pupil attainment data*
- *Lesson planning and evaluation*
- *The 'pupil voice' where pupil comments are systematically gathered by school leaders in assessing the quality of teaching and learning*
- *Recorded information concerning the teacher's conduct, performance and attendance*

The latter may only be known to the Headteacher if it is an outcome of formal procedures. If so, the Headteacher may use the information in moderating appraisal outcomes.

Development and Support

Appraisal is a supportive process which will be used to inform continuing professional development. The school wishes to encourage a culture in which all teachers take responsibility for improving their teaching through appropriate professional development, through peer observation for example. Professional development will be linked to school improvement priorities and to the on-going professional development needs and priorities of individual teachers.

Our CPD programme will be informed by the training and development needs identified as part of the appraisal process. The Governing Body will ensure in the budget planning that, as far as possible, resources are made available in the school budget for appropriate training, and support agreed for appraisees, maintaining access on an equitable basis.

An account of the training and development needs of teachers including the instances where it did not prove possible to provide any agreed CPD, will form a part of the Headteacher's annual report to the Governing Body about the operation of the appraisal process in the school.

With regard to the provision of CPD in the case of competing demands on the school budget, a decision on relative priority will be taken with regard to the extent to which:

- a) the training and support will help the school/academy to achieve its priorities; and
- b) the CPD identified is essential for an appraisee to meet their objectives.

Account will be taken in a review meeting of where it has not been possible for teachers to fully meet their performance criteria because the support recorded in the planning statement has not been provided.

Where a teacher is experiencing difficulties, see the section on Teachers Experiencing Difficulties (below).

Feedback

Teachers will receive constructive feedback on their performance throughout the year and as soon as practicable after observation has taken place or other evidence has come to light (see section on **Observation** above). Feedback will highlight particular areas of strength as well as any areas that need development and will:

- give clear feedback to the teacher;
- give the teacher the opportunity to comment and discuss the concerns;
- agree any support (eg, coaching, mentoring, structured observations), that will be provided to help address developmental needs.

Where a teacher is experiencing difficulties, see the section on Teachers Experiencing Difficulties (below).

ANNUAL ASSESSMENT

Each teacher's performance will be formally assessed in respect of each appraisal period. In assessing the performance of the Headteacher, the Governing Body must consult the external adviser.

At the end of the cycle, assessment of performance against an objective will be on the basis of the performance criteria set at the beginning of the cycle. Good progress towards the achievement of a challenging objective, even if the performance criteria have not been met in full, will be assessed favourably.

The performance management cycle is annual, but on occasions it may be appropriate to set objectives that will cover a period over more than one cycle. In such cases, the basis on which the progress being made towards meeting the performance criteria for the objective will be assessed at the end of the first cycle and will be recorded in the planning and review statement at the beginning of the cycle.

Appraisers will prepare a draft Appraisal Planning and Review Statement which will be provided to the Headteacher for moderation and to ensure consistency of practice and standards. At this stage the Headteacher may make use of any Recorded information concerning the teacher's conduct, performance and attendance in moderating the overall assessment.

The teacher will receive as soon as practicable following the end of each appraisal period – and have the opportunity to comment on - a written appraisal report. The Appraisal Planning and Review Statement will include:

- details of the teacher's objectives for the appraisal period in question;
- an assessment of the teacher's performance of their role and responsibilities against their objectives, and against the relevant professional standards;
- an assessment of the teacher's training and development needs and identification of any action that should be taken to address them;
- a space for the teacher's own comments.

A review meeting will take place to discuss the content of the report, and any further action required and to inform objective setting for the next cycle. In some circumstances an interim review meeting may be appropriate.

The assessment of performance and of training and development needs will inform the planning process for the following appraisal period.

Where a teacher is experiencing difficulties, see the section on Teachers Experiencing Difficulties (below).

APPEALS

Appraisees have a right of appeal against any of the entries in the written appraisal report. Details of the appeals process are available from the Headteacher or from the school Governing Body.

TEACHERS EXPERIENCING DIFFICULTIES (TED)

Except in the most serious cases of persistent failures to meet job expectations and teaching standards, resulting in negative consequences on the pupils and organisation, teachers should not ordinarily be placed in capability procedures without first undergoing a period of informal support as part of the appraisal process.

When dealing with a teacher experiencing difficulties, the objective is to provide support and guidance through the appraisal process in such a way that the teacher's performance improves and the problem is, therefore, resolved.

Where it is apparent that a teacher's personal circumstances are leading to difficulties at school, support will be offered as soon as possible, without waiting for the formal annual assessment. In such circumstances advice and support from the school's HR provider should be sought and the teacher should be advised to seek support from their union representative.

If an appraiser identifies through the appraisal process, or via other sources of information, for example verifiable parental concerns, that the difficulties experienced by a teacher are such that, if not rectified, could lead to capability procedures the appraiser, the Headteacher, or a member of the leadership team, will, as part of the appraisal process meet the teacher to:

- give clear written feedback to the teacher about the nature and seriousness of the concerns;
- give the teacher the opportunity to comment on and discuss the concerns;
- give the teacher at least 5 working days' notice that a meeting will be held to discuss targets for improvement alongside a programme of support, and inform the teacher that they have the right to be supported by a

- representative of an independent trade union or work place colleague, and at any future meetings where capability will be discussed;
- in consultation with the teacher at the above meeting, an action plan with support will be established (for example coaching, training, in-class support, mentoring, structured observations, visits to other classes or schools or discussions with advisory teachers), that will help address those specific concerns;
- make clear how progress will be monitored and when it will be reviewed;
- explain the implications and process if no – or insufficient – improvement is made.

The teacher's progress will continue to be monitored as part of the appraisal process and a reasonable time given for the teacher's performance to improve. This will depend upon the circumstances, but will be for a specified period of time, for example half a term, with appropriate support as agreed in the Action Plan, in order that the aim of recovering and improving performance can be achieved. During this monitoring period the teacher will be given regular feedback on progress and arrangements will be made to modify the support programme if appropriate.

If sufficient progress is made such that the teacher is performing at a level that indicates there is no longer a possibility of capability procedures being invoked the teacher should be informed of this at a formal meeting with the appraiser or Headteacher. Following this meeting the appraisal process will continue as normal.

If no, or insufficient, improvement has been made over this period, the teacher will be invited to a transition meeting to determine whether formal capability proceedings need to be commenced, or the appraisal process remains in place. The teacher may be assisted by a trade union representative or work colleague and will have at least 5 working days' notice of the meeting.

Further guidance related to the processes around Teachers Experiencing Difficulties (TED), managing meetings and providing support and transitioning between stages is available in Guidance for Schools Section 5c (TED Guidance).

GENERAL PRINCIPLES UNDERLYING THIS POLICY

ACAS Code of Practice on Disciplinary and Grievance Procedures

In the first instance, issues relating to teacher performance will be managed through the arrangements for Teachers Experiencing Difficulties set out within this policy. The conduct of any subsequent formal capability process will be undertaken outside the Appraisal process under the separate Capability Procedure and in accordance with the provisions of the ACAS Code of Practice.

Consistency of Treatment and Fairness

The Governing Body is committed to ensuring consistency of treatment and fairness and will abide by all relevant equality legislation.

Sickness

If long term sickness absence appears to have been triggered by the commencement of monitoring or application of the formal capability procedure,

the case will be dealt with in accordance with the school's absence policy and will normally be referred to the occupational health service to assess the member of staff's health and fitness for continued employment and the appropriateness or otherwise of continuing with monitoring or formal procedures. In some cases, it may be appropriate for formal procedures to continue during a period of sickness absence. However, the views of the occupational health physician will always be taken into account before a decision is reached.

Grievances

Where a member of staff raises a grievance during the appraisal or capability process, the appraisal or capability process may be temporarily suspended in order to deal with the grievance. Where the grievance and appraisal or capability cases are related it may be appropriate to deal with both issues concurrently.

Confidentiality & Professional Relationships

The appraisal and capability processes will be treated with confidentiality. Only the appraiser's line manager or, where they have more than one, each of their line managers will be provided with access to the appraisee's plan recorded in their statements. This will be done upon request and only where this is necessary to enable the line manager to discharge their line management responsibilities. Appraisees will be consulted on requests for access to statements in the context of this policy.

The process of gathering evidence for appraisal will not compromise normal professional relationships between teachers. The Governing Body recognises that the appraiser will consult with, and seek to secure the agreement of, the appraisee before seeking information from other colleagues about the work of the appraisee.

However, the desire for confidentiality does not override the need for the Headteacher and Governing Body to quality-assure the operation and effectiveness of the appraisal system. The Headteacher or appropriate leadership colleague might, for example, review all teachers' objectives and written appraisal records personally – to check consistency of approach and expectation between different appraisers.

Monitoring and Evaluation

The Governing Body and Executive Headteacher will monitor the operation and effectiveness of the school's appraisal arrangements.

The Executive Headteacher, supported by the COO, will provide the Governing Body with a written report on the operation of our federation appraisal and capability policies annually. The report will not identify any individual by name.⁸

The report will include an assessment of the impact of these policies on:

- Race.
- Sex.
- Sexual Orientation.

⁸ Particular care will need to be taken, especially in smaller schools, to ensure that by reporting on the operation of the policy with reference to protected characteristics the report does not inadvertently identify individual employees.

- Disability.
- Religion and Beliefs.
- Age.
- Part-time Status.
- Maternity and Pregnancy.

The Headteacher will report on whether there have been any appeals or representations on an individual or collective basis on the grounds of alleged discrimination.

Retention

The Governing Body and Executive Headteacher will ensure that all written appraisal records are retained in a secure place for six years and then destroyed.

CLASSROOM OBSERVATION PROTOCOL

The Governing Body and school leadership are committed to ensuring that classroom observation for appraisal purposes is developmental and supportive and that those involved in the process will:

- carry out the role with professionalism, integrity and courtesy;
- evaluate objectively;
- report accurately and fairly;
- respect the confidentiality of the information gained.

Classroom observation for appraisal purposes

The amount of classroom observation arranged for any teacher for appraisal purposes will be proportionate to need, having regard to the individual circumstances of the teacher and the needs of the school, but will not be excessive.

'Proportionate to need' means it will take place on an appropriate and reasonable number of occasions agreed, as far as possible, by the appraiser with the appraisee, based on the individual circumstances of the teacher and the overall needs of the school.

In this school 'proportionate to need' and 'the overall needs of the school' are determined by the Governing Body on the advice of the Headteacher and in consultation with staff.

In our federation, following consultation with teaching staff, the Governing Body has determined that a maximum of one observation for appraisal purposes for each teacher in each period of once a term (3 times a year) would meet the needs of the school and the appraisal process, unless concerns about performance identify the need for additional observations. In general, we consider that each observation should be no longer than one lesson."

The arrangements for classroom observation for appraisal purposes will be included in the annual appraisal planning and review statement and will include the amount of observation, specify its primary purpose, any particular aspects of the teacher's performance which will be assessed and when during the performance management cycle the observation will take place and who will conduct the observation.

Where evidence emerges about the appraisee's teaching performance which gives rise to concern during the appraisal cycle, classroom observations may be arranged in addition to those recorded at the beginning of the cycle, subject to determination at a meeting between appraiser, appraisee and Headteacher or member of the school leadership team with a view to addressing any such concern.

Although such classroom observation is undertaken for appraisal purpose, other information gathered during the observation will be used, as appropriate, for a variety of purposes including to inform school self-evaluation and school improvement strategies in accordance with the school's commitment to

streamlining data collection and minimising bureaucracy and workload burdens on staff.

In keeping with the commitment to supportive and developmental classroom observation, observations will be agreed between appraiser and appraisee in advance and be included in the appraisal planning statement.

Classroom observations for appraisal purposes will only be undertaken by people with QTS. In addition, in this school such classroom observation will only be undertaken by teachers informed by the school's published appraisal policy on how to prepare for and conduct observations, and on how to give constructive supportive feedback in the context of professional dialogue between colleagues.

Verbal feedback will be given as soon as possible after the observation and by at least the end of the next school day following the observation taking place. It will be given during directed time in a suitable, private environment. Written feedback will be provided within five working days of the observation taking place.

If issues emerged from an observation that were not part of the focus of the observation as recorded in the planning and review statement these should also be covered in the written feedback and the appropriate action will be taken by the appraiser or the issues will be referred to the appropriate member of the school leadership team to determine appropriate action in consultation with the appraiser and appraisee.

The written record of feedback includes the date on which the observation took place, the lesson observed and the length of the observation. The teacher has the right to append written comments on the feedback document. No written notes in addition to the written feedback will be kept.

Other classroom visits by school leaders

In this school, the Executive Headteacher will seek to discharge their responsibility for monitoring the quality of teaching and learning and other leadership responsibilities through the planned classroom observations for appraisal purposes. However, the Executive Headteacher (and other designated school leaders) may undertake other classroom visits in order to fulfil their school leadership responsibilities. In this school such classroom visits will be carried out by:

The Executive Headteacher and Heads of School supported by the following designated member(s) of the leadership team: Senior teachers and Federation wide leaders, such as (but not limited to) those leaders of literacy, maths and inclusion.

These classroom visits will only inform the appraisal process where concerns arise which merit the revision of the appraisal planning statement. If such concerns arise, the school leader concerned will meet with the appraiser and appraisee to discuss them and agree any revision to the appraisal planning statement.

PREAMBLE

Teachers make the education of their pupils their first concern, and are accountable for achieving the highest possible standards in work and conduct. Teachers act with honesty and integrity; have strong subject knowledge, keep their knowledge and skills as teachers up-to-date and are self-critical; forge positive professional relationships; and work with parents in the best interests of their pupils.

PART ONE: TEACHING

A teacher must:

1 Set high expectations which inspire, motivate and challenge pupils

- establish a safe and stimulating environment for pupils, rooted in mutual respect
- set goals that stretch and challenge pupils of all backgrounds, abilities and dispositions
- demonstrate consistently the positive attitudes, values and behaviour which are expected of pupils.

2 Promote good progress and outcomes by pupils

- be accountable for pupils' attainment, progress and outcomes
- be aware of pupils' capabilities and their prior knowledge, and plan teaching to build on these
- guide pupils to reflect on the progress they have made and their emerging needs
- demonstrate knowledge and understanding of how pupils learn and how this impacts on teaching
- encourage pupils to take a responsible and conscientious attitude to their own work and study.

3 Demonstrate good subject and curriculum knowledge

- have a secure knowledge of the relevant subject(s) and curriculum areas, foster and maintain pupils' interest in the subject, and address misunderstandings
- demonstrate a critical understanding of developments in the subject and curriculum areas, and promote the value of scholarship
- demonstrate an understanding of and take responsibility for promoting high standards of literacy, articulacy and the correct use of standard English, whatever the teacher's specialist subject
- if teaching early reading, demonstrate a clear understanding of systematic synthetic phonics
- if teaching early mathematics, demonstrate a clear understanding of appropriate teaching strategies.

4 Plan and teach well structured lessons

- impart knowledge and develop understanding through effective use of lesson time
- promote a love of learning and children's intellectual curiosity
- set homework and plan other out-of-class activities to consolidate and extend the knowledge and understanding pupils have acquired
- reflect systematically on the effectiveness of lessons and approaches to teaching
- contribute to the design and provision of an engaging curriculum within the relevant subject area(s).

5 Adapt teaching to respond to the strengths and needs of all pupils

- know when and how to differentiate appropriately, using approaches which enable pupils to be taught effectively
- have a secure understanding of how a range of factors can inhibit pupils' ability to learn, and how best to overcome these
- demonstrate an awareness of the physical, social and intellectual development of children, and know how to adapt teaching to support pupils' education at different stages of development
- have a clear understanding of the needs of all pupils, including those with special educational needs; those of high ability; those with English as an additional language; those with disabilities; and be able to use and evaluate distinctive teaching approaches to engage and support them.

6 Make accurate and productive use of assessment

- know and understand how to assess the relevant subject and curriculum areas, including statutory assessment requirements
- make use of formative and summative assessment to secure pupils' progress
- use relevant data to monitor progress, set targets, and plan subsequent lessons
- give pupils regular feedback, both orally and through accurate marking, and encourage pupils to respond to the feedback.

7 Manage behaviour effectively to ensure a good and safe learning environment

- have clear rules and routines for behaviour in classrooms, and take responsibility for promoting good and courteous behaviour both in classrooms and around the school, in accordance with the school's behaviour policy
- have high expectations of behaviour, and establish a framework for discipline with a range of strategies, using praise, sanctions and rewards consistently and fairly
- manage classes effectively, using approaches which are appropriate to pupils' needs in order to involve and motivate them
- maintain good relationships with pupils, exercise appropriate authority, and act decisively when necessary.

8 Fulfil wider professional responsibilities

- make a positive contribution to the wider life and ethos of the school
- develop effective professional relationships with colleagues, knowing how and when to draw on advice and specialist support
- deploy support staff effectively
- take responsibility for improving teaching through appropriate professional development, responding to advice and feedback from colleagues
- communicate effectively with parents with regard to pupils' achievements and well-being.

PART TWO: PERSONAL AND PROFESSIONAL CONDUCT

A teacher is expected to demonstrate consistently high standards of personal and professional conduct. The following statements define the behaviour and attitudes which set the required standard for conduct throughout a teacher's career.

- Teachers uphold public trust in the profession and maintain high standards of ethics and behaviour, within and outside school, by:
 - treating pupils with dignity, building relationships rooted in mutual respect, and at all times observing proper boundaries appropriate to a teacher's professional position
 - having regard for the need to safeguard pupils' well-being, in accordance with statutory provisions
 - showing tolerance of and respect for the rights of others
 - not undermining fundamental British values, including democracy, the rule of law, individual liberty and mutual respect, and tolerance of those with different faiths and beliefs
 - ensuring that personal beliefs are not expressed in ways which exploit pupils' vulnerability or might lead them to break the law.
- Teachers must have proper and professional regard for the ethos, policies and practices of the school in which they teach, and maintain high standards in their own attendance and punctuality.
- Teachers must have an understanding of, and always act within, the statutory frameworks which set out their professional duties and responsibilities.
