

Our School Newsletter

20th March 2026

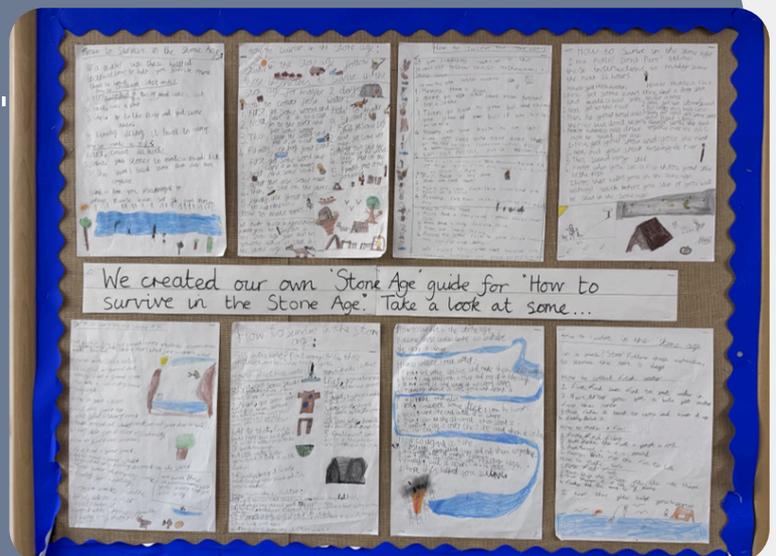

Haddon

Haddon Class are really enjoying learning about the Great Fire of London. We have reenacted how people tried to put it out, made houses out of playdough and discussed how houses were pulled down with fire hooks to create firebreaks. We created chains of dominoes to explain how the fire breaks worked to stop the fire spreading between the houses.

In DT the vehicles are looking good and will be decorated in the next weeks ready to come home. to share favourite books with each other.

Landacre

Over the last 3 weeks in Landacre we have been reading a story about 'The Stone Age Boy'. We have been learning all about the ways in which people lived during the stone age. We then wrote an instruction guide on 'How to survive in the Stone Age' here are some examples... they look brilliant!!

Burridge

Over the last few weeks Burridge Class have been super busy. We have been out on multiple trips as part of our Generation Exmoor, with a trip to Simonsbath to visit an historical mining site as well as an ancient hillfort. In Science we have been combining software coding with electrical circuits. We created a light sensitive bulb which would automatically turn on when the main lights went off. The class are now thinking about another device we could invent using sensors and electrical circuits

The Link

Children used recycled cardboard box materials in The Link to design and create their own life-size robots. They had a fantastic time being creative and even got to wear their robots once they were finished—such a fun and imaginative activity!

Little Owls

As the weather has warmed up and the sunshine has arrived, the children enjoyed a lovely snack time outdoors by having a teddy bear picnic. It was a wonderful opportunity for them to relax, socialise and make the most of the beautiful weather.

Reminders / Important Info

To help prevent the spread of illness, please remember that children (and adults) should stay away from pre-school, school, or work for 48 hours after their last episode of sickness or diarrhoea.

This 48-hour rule is important because individuals can still be infectious even after symptoms have stopped.
For more detailed advice, you can find up-to-date guidance on the [NHS website](#)

Message from Mrs Stenner

Dear Parents and Carers,

It has been a real joy to welcome the sunshine back, filling our school with warmth, laughter, and happy energy. The children have been making the most of the brighter days, enjoying time outdoors and embracing every opportunity to learn and play together.

We are incredibly proud of Nala and Archie for taking part in a Science Fair competition. A very special congratulations to Nala for achieving first prize—what a fantastic achievement!

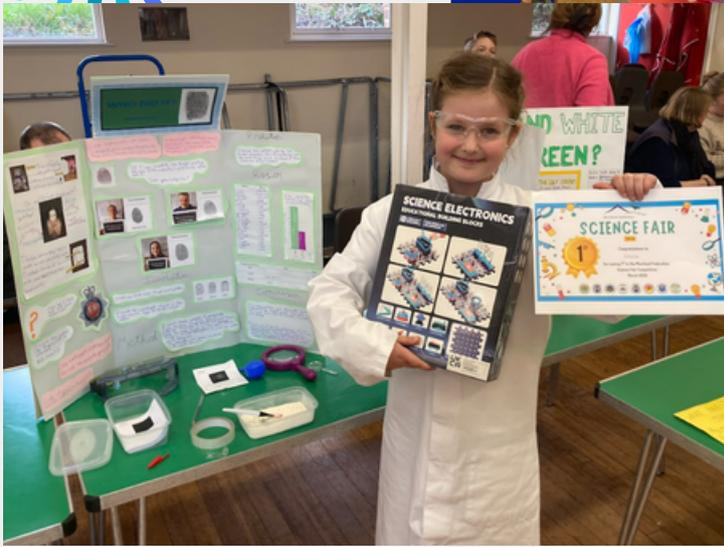

Burridge Class have been busy developing their outdoor skills, taking part in compass training and an Exmoor Challenge practice walk. Their enthusiasm and teamwork have been fantastic to see.

Haddon Class also had a memorable experience, taking part in the Easter Experience organised by the Exmoor Youth Project. It was a meaningful and engaging opportunity for the children to learn and reflect.

Thank you, as always, for your continued support. It is a pleasure to see our school community thriving, with children who are happy, motivated, and eager to learn.

Mrs Stenner

Celebrating our achievements!
