

Our School Newsletter

8th May 2026

Haddon

Haddon Class have had an exciting two weeks back. We made our own chicken nuggets by learning how to safely prepare the chicken, then coat in herbs spices and breadcrumbs. They tasted delicious!

Last Wednesday we had a book focus day when we read Jasper's Beanstalk and spent the day doing activities linked to the book such as painting, planting and making labels for the beans.

We are making the most of the good weather by taking our learning outdoors as much as possible.

Landacre

The Year 4s had a wonderful time at Pinkery last week. They took part in rock climbing, enjoyed lots of walking, got wonderfully muddy in the bog, bravely made their way through the cave, and experienced many more exciting adventures. They also loved making new friends with children from the other schools. It was a fantastic experience, and great fun was had by all.

Burridge

A huge well done to all of our incredible children for taking part in the Exmoor Challenge! 🌟

You should all be so proud of yourselves for taking on such a big challenge and showing amazing determination, resilience, and teamwork every step of the way. 16-mile walk is an incredible achievement and you all did brilliantly!

We hope you enjoyed the adventure, the beautiful scenery, and making memories together. Now it's time to rest those tired feet and celebrate what you've accomplished — you've absolutely smashed it! 🍷👏

The Link

The children in the Link had a fantastic time during last week's baking session, enjoying a fun and hands-on learning experience. They worked together to measure ingredients, mix them carefully, and follow simple recipes, developing both their teamwork and practical skills.

As part of the session, the children made homemade dog treats as well as delicious cupcakes. They showed great enthusiasm throughout, especially when shaping the treats and decorating their cupcakes with creative toppings. The activity encouraged their confidence, independence, and creativity, while also reinforcing basic maths and communication skills. Overall, it was a very successful session filled with excitement, learning, and a sense of achievement as the children proudly shared what they had made.

Little Owls

Car game 🚗

The seven areas of learning this activity links to are:
👊 Physical development (gross motor skills as the children were running around and doing the actions for speed bump, tunnel and roundabout)

🌍 Understanding the world (we were having conversations about road safety and if they have seen real life traffic lights, tunnel, speed bump and roundabouts)

💖 Personal, social and emotional development (building confidence and socialising by running together and having conversations whilst joining in with the activity)

Reminders / Important Info

LICE ARE NOT NICE.

(BUT ANYONE CAN GET THEM)

1. These are head lice... tiny insects that live on the scalp.

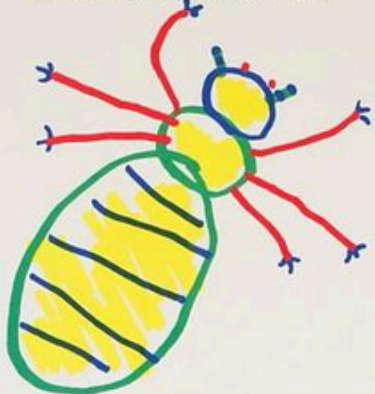

2. If you get lice, you may not be able to see them... because they make your head *itch*.

3. Lots of kids get lice, because they spread very easily even though they can't jump or fly.

4. So don't try on your friends' hats, scarves or other clothing, or borrow their combs or brushes.

10. So you won't itch anymore!

9. Your parents will also wash or dry-clean your bedding and clothing, and use a special spray that kills lice on carpets and furniture.

8. Then they'll use a special comb to help get all the lice and lice eggs out of your hair.

7. If you do, your parents will wash your hair with a special shampoo the nurse recommends. It kills lice fast, but it won't hurt you.

5. If your head itches a lot, tell your teacher or the nurse right away.

6. You may not have lice, but they can tell if you do.

Message from

Dear Parents and Carers,

It's been a busy start to the summer term!

It was my absolute pleasure to take the Year 4 children to Pinkery last week for their residential trip. Miss Smith and I couldn't be prouder of their conduct and behaviour throughout the visit. The weather was magnificent, which certainly helped!

All of the children have been working hard in class, and it has been wonderful to see academic progress across all age groups.

As the weather begins to warm up and the children are enjoying more time playing on the school field, please ensure that your child brings a sun hat and has sun cream applied before school each day.

Mrs Stenner

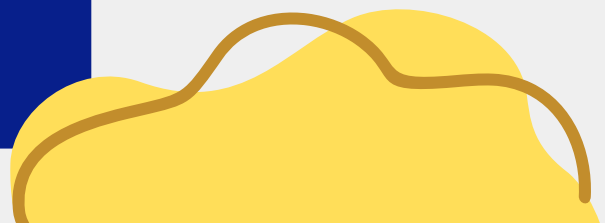

Celebrating our achievements!
