

# You Are Not

**MEANT TO FACE CANCER ALONE.**

**CanCare**

A survivor by your side.

CANCARE ENVISIONS A WORLD WHERE NO ONE FACES CANCER ALONE. WE PROVIDE HOPE AND HEALING TO OUR CANCER COMMUNITY BY ENSURING THAT ANYONE FACING CANCER CAN HAVE A SURVIVOR OR CAREGIVER BY THEIR SIDE.

Being matched with Leonard was the best thing that ever happened to me. He became my go-to guy throughout my entire cancer journey. Leonard was someone that I felt very comfortable with – if I had to cry, I could cry with him. He helped me survive cancer, and today Leonard is family to me.

– MICHAEL, *Acute Myeloid Leukemia Survivor, CanCare Former Client, CanCare Volunteer*

I contacted CanCare and spoke to a woman who had faced and won the battle I was fighting. I felt so uplifted and re-energized to continue fighting. Since becoming a volunteer, I have helped numerous women who have faced this rare cancer. We have laughed, cried and just connected on a level that no one can understand unless you have been through this cancer.

– VALERIE, *Anal Cancer Survivor, CanCare Former Client, CanCare Volunteer*

I love when clients ask me about my journey with cancer and my survivorship because getting to tell them about all the obstacles and setbacks and difficult times I was able to overcome lights up something inside of them. It's more than just sharing a story, it's giving hope and igniting a determination to fight so that they too can one day share their own survivorship story.

– ROMAN, *Prostate Cancer Survivor, CanCare Volunteer*

## Personalized Emotional Support

*One-on-one connections for anyone affected by cancer*

**For Cancer Patients:** We match individuals with a cancer diagnosis with trained volunteers who understand your journey. Matching factors include: cancer type and stage, treatment, age, and gender.

**For Caregivers:** We match individuals who love someone with cancer with trained cancer caregiver volunteers. Matching considers: your relationship to the person with cancer, their cancer type and stage, age, and gender.
