## You do not have to face cancer alone.

Connect with someone who truly understands.

The diagnosis that changed everything. The treatments that test your limits. The uncertainty that follows you home. Whether you're facing cancer or caring for someone who is, you know the weight of carrying this burden—the exhaustion, the fear, the moments when you wonder if anyone truly understands what you're going through.

Here's what we know: Someone does understand. Someone who's been exactly where you are now. Someone who knows that sometimes you need more than medical expertise—you need hope from someone who's lived it.

That someone is waiting to walk beside you.

### GENUINE UNDERSTANDING, GENUINE HOPE

At CanCare, we don't just offer support—we offer connection with survivors and caregivers who've walked your path. When you're matched with a CanCare volunteer, you gain a companion who offers:

- Genuine understanding from someone who's been there
- Practical insights about treatment and recovery
- A listening ear that truly "gets it"
- Living proof that there's hope ahead

When you connect with **a survivor by your side**, you discover that you're not alone, your feelings are valid, and hope is real.

Someone who's traveled this road is ready to listen, understand, and remind you that there's light ahead—even when you can't see it yet.

**A SURVIVOR BY YOUR SIDE**

## Peer to Peer Emotional Support for your Cancer Journey

### GETTING SUPPORT IS SIMPLE

We know your energy is precious, and your time is consumed with appointments and treatments. That's why connecting with CanCare support is easy:

1. **Request support** - Answer questions about your diagnosis and cancer journey through a brief form
2. **Get matched** - We'll connect you with a survivor or caregiver who's faced a similar journey
3. **Choose your connection** - Phone calls, video chats, or in-person visits—whatever works for you
4. **Lean on someone who gets it** - Share openly with someone who truly understands

Your CanCare volunteer has been carefully selected and trained to provide emotional support and practical insights that come only from lived experience. They're not just volunteers—they're living proof that you can get through this.

### THE IMPACT IS REAL

*"Everyone says they can't imagine what you are going through...but few actually understand. [My volunteer] didn't just become a friend, she became family. I am forever grateful for her giant heart." — Danielle, CanCare Client*
