## Transform Your Journey into Hope for Others

BECOME A CANCARE VOLUNTEER.

### YOU REMEMBER THAT MOMENT

The diagnosis. The fear. The questions that kept you awake at night. Whether you faced cancer yourself or stood beside someone who did, you know the weight of those days when hope felt distant and the path ahead seemed daunting.

You also know something else—the profound difference one person can make. Maybe it was someone who truly understood, who could say “I’ve been there” and mean it. Someone who didn’t just offer sympathy, but genuine understanding born from shared experience.

**Now you can be that person for someone else.**

### YOUR EXPERIENCE IS THEIR HOPE

At CanCare, we believe the most powerful support comes from those who’ve walked the path. As a volunteer, you won’t just offer encouragement—you’ll offer proof that there’s life, hope, and even joy on the other side of this journey.

When you become **a survivor by the side** of someone facing cancer, you become living evidence that:

- They are not alone
- Someone truly understands
- There is strength they haven’t discovered yet

Someone out there needs to hear your voice, know your story, and feel the hope that only comes from someone who truly understands.

**A SURVIVOR BY YOUR SIDE**

## Transform Your Journey into Hope for Others

BECOME A CANCARE VOLUNTEER.

### MAKING A DIFFERENCE IS SIMPLE

Becoming a CanCare volunteer is straightforward because we know your time and energy are precious gifts:

1. **Complete a brief application** – Share your story and your desire to help
2. **Meet with our Volunteer Manager** – A warm conversation about your journey and how you'd like to serve
3. **Take our online training** – Learn at your own pace from home
4. **Join a live virtual training class** – Connect with fellow volunteers and prepare to make an impact

Once you're trained, you'll be matched with individuals who need exactly what you have to offer—authentic understanding, genuine hope, and living proof that this journey doesn't define their ending.

### THE IMPACT IS REAL

*"Everyone says they can't imagine what you are going through...but few actually understand. [My volunteer] didn't just become a friend, she became family. I am forever grateful for her giant heart." — Danielle, CanCare Client*
