Work

Closets By Design

Closet Installer, Spring 2025-Current

Installed, troubleshoot, fabricated, and performed ad-hoc design services for a built-in cabinet company.

Junior Developer, LetItShine.biz

2017 - 2024

Joined the web development family business performing updates, developing sites and working with clients. In particular, built local American Legion site and performed maintenance on several local churches.

Corgan

EGD+ Motion Co-op, Fall 2023

Collaborated with motion department for video shoots and motion pieces. Leapt into existing and new projects including a university, Learfield, and new Corgan offices.

Arrowstreet

EGD + Motion Co-op, Summer 2022-2023

Dramatically progressed Arrowstreet's motion presence, produced environmental graphics for clients such as Boston Public Library, the city of Newburyport, and local businesses and continued work as a contract motion designer beyond the end of the co-op

Design Co-op, UC Libraries

Spring 2021, Fall 2021

Produced library graphics, signage, an exhibit, a web site, branding for an expansion, and daily animations.

West Clermont Local Schools

IT Intern, 2019-2020

Worked to prepare the West Clermont school district for the upcoming school year across all sites, including PXE Windows deployments, VOIP setup and testing, setting up computer labs and classrooms, updating chromebooks, and migrating data. Trained new staff on chromebook management, and participated in the chromebook collection program in a public facing capacity.
