

Threaded Nipples and Adaptors

Threaded nipples with an external inch thread on one end and a welded pipe connection. The tapered transition without an offset allows installation with a standard tube connector in air-handling applications.

Threaded Nipples | Stainless Steel

- + Material: Stainless steel 1.4301
- + Expanded and welded
- + Offset-free passage

Article No.	A [inch]	Ø [mm]	L [mm]	Type
