

OctaCap® Octabin Cover

Foldable aluminum cover by seal-IT for octabins. Weighing less than 10 kg, it can be fitted in seconds. The openings can be configured with a lid, sight glass or suction lance spigot.

OctaCap® by seal-IT

- + Lightweight, foldable and maintenance-free
- + protects the granules from contamination and foreign particles
- + Guide openings for suction lances stabilize the suction process
- + avoids downtimes and production losses
- + promotes the conscious handling of granules
- + patented system (EU patent)

Article No.	Type	Width [mm]	Length [mm]
OADA-GS-1120-1120	GS - equal sides	1120	1120
OADA-GS-1150-1150	GS - equal sides	1150	1150
OADA-GS-1170-1170	GS - equal sides	1170	1170
OADA-UGS-1170-1020	UGS - unequal sides	1020	1170
OADA-UGS-1220-0820	UGS - unequal sides	820	1220
OADA-UGS-1220-1020	UGS - unequal sides	1020	1220
OADA-XL-1120-1120	XL dimension	1120	1120
OADA-XL-1170-1170	XL dimension	1170	1170

Folded edges reinforce the cover and allow a material identification card to be attached. The cover helps reduce unnecessary moisture absorption by the granules.
