

MAG 14.000[®] Magnetic Separator

A retrofittable permanent magnet for separating ferrous contamination. The MAG 14.000[®] is fitted around the pipe without reworking it and requires no external power supply. Swinging the magnet away interrupts the magnetic field for cleaning.

MAG 14.000[®] | Hinged Magnet

- + Retrofittable at all points due to folding mechanism
- + Ferritic components adhere inside the tube and not directly to the magnet
- + With Easy-Clean function for quick ejection of the collected metal residues
- + patented

Article No.	for Ø [mm]	B [mm]	Weight
MAG14000-0250-0300*	25.0 - 30.0	80.0	approx. 1.5 kg
MAG14000-0310-0350*	31.0 - 35.0	80.0	approx. 1.5 kg
MAG14000-0380-0400	38.0 - 40.0	80.0	approx. 1.5 kg
MAG14000-0450-0500	45.0 - 50.0	80.0	approx. 1.5 kg
MAG14000-0510-0550*	51.0 - 55.0	80.0	approx. 1.7 kg
MAG14000-0560-0590*	56.0 - 59.0	80.0	approx. 2.3 kg
MAG14000-0600-0650	60.0 - 65.0	80.0	approx. 2.5 kg
MAG14000-0660-0700*	66.0 - 70.0	80.0	approx. 2.7 kg
MAG14000-0750-0800	75.0 - 80.0	80.0	approx. 2.7 kg
MAG14000-0810-0840*	81.0 - 84.0	80.0	approx. 3.0 kg
MAG14000-0850-0910*	85.0 - 91.0	80.0	approx. 3.5 kg
MAG14000-1000-1040	100.0 - 104.0	80.0	approx. 5.0 kg
MAG14000-1080-1080*	108.0	80.0	approx. 5.2 kg
MAG14000-1100-1143*	110.0 - 114.3	80.0	approx. 5.5 kg
MAG14000-1210-1250*	121.0 - 125.0	80.0	approx. 5.8 kg
MAG14000-1500-1560*	150.0 - 156.0	80.0	approx. 6.2 kg

Recommended installation points include hoses, hose couplings and suction lances with low conveying speeds and an accessible discharge point.
