Color Coding

COCO® Pipe Clips

Color marking helps identify material lines and coupling points. COCO® pipe clips are available for a range of pipe diameters.

- + COCO® plastic pipe clip
- + For pipe diameters 38.0 - 80.0 mm
- + Further colors on request

Color Coding

Hose Coding

The colored rings sit loosely on the hose and can be reused when the hose is replaced. They identify material lines and coupling points.

- For loose attachment to the hose
- Easily removable for hose changes or recoding
- Custom designs on request

For hose 38 / 40 / 45 mm

Article No.	Color
S-MCODE-0570-BLAU	Blue

Color Coding

Michel Vario-Coding

Color marking for the Michel Vario-Tisch: the elements attach to the frame and can carry additional labels to identify material lines.

- + Colored coding for the Michel Vario-Tisch
- + For (subsequent) mounting on the frame
- + Simple, cost-effective, expandable and space-saving
