# MATHOMAT®

Dodecagon outline 20mm sides
Use with pattern block shapes in the Mathomat V7 and V5
templates to create a dodecagon based design

Use with the following Mathomat pattern block shapes

| Mathomat model and shape number	triangle	square	skinny (30°) rhombus	wide (60°) rhombus	trapezium	hexagon
V5	9	21	22	20	45	8
V7	5	23	24	22	32	7
