

SQUARE LEAF GRATE

TECNICAL DATA SHEET

ACCESSORIES FOR
ROOF EXCELLENCE & SAFETY
www.mul10metal.dk

DESCRIPTION		
Leaf grates filters larger particles from the drainsystem. Fits all draintypes with the dimensions between Ø 50-180 mm. Drains need to be kept free of leaves. The leaf grate gets installed easily and securely. We recommend the leaf grate gets inspected and cleaned at least twice yearly (Spring and Fall)
