

Healthathon 2026

14 March 2026

09.00–17.00

Toni Areal, Zurich

"From Guidance to Routine: Co-Creating Educative Futures of Continuous Care"

Want to shape the future of healthcare?

Under this year's theme "From Guidance to Routine: Co-Creating Educative Futures of Continuous Care", you can collaborate with interdisciplinary teams on inspiring cases.

Meet innovators, designers, researchers, and healthcare professionals and develop relevant solutions together. And that's not all – your team can prepare a submission for the project funding to take the idea further.

**Be part of the Healthathon
on March 14 at Toni Areal!**
