SOUTH PITTSBURGH REBELLION

While we know that our children's lessons come primarily from parents, family, school and life, we also recognize that we can have a part in helping them learn life lessons on the ice and in the locker room. It is a realization that we don't take lightly. At SPHC, we hope that your child's hockey experience will enhance the core values that you teach at home.

We also understand that there are many hockey associations in the region from which to choose. Our program reinforces what you teach at home while educating, encouraging and developing players— and we never forget that the emphasis is on teaching and fun.
