

# GOING TO THE BEACH

We're taking a trip to the beach! To visit the beach, we will take:

our bathing  
suits

a cooler with drinks  
& snacks

sand castle &  
beach toys

beach towels

beach umbrella

The beach is full of sand and connects to the ocean, making it the perfect place to:

swim in the  
water

build sand  
castles

lay in the  
sand

If I don't like how the sand feels on my feet, I can wear water shoes and sit on my towel. The beach can also be very hot, so I need to make sure I drink lots of water and wear sunscreen.

Since the beach is a large, outdoor space, it's important that I stay with my group and make sure we can always see each other. Trips to the beach are such a blast, being out in the sun and the water is the best!
