Landscape Architects

How Wood Rodgers can Help Your Projects:

Wood Rodgers has extensive experience in Landscape Architecture for land development clients and jurisdictions in California over the past 20 years, and we are now expanding these services to our **Nevada offices**. Our experience includes a wide variety of services, including:

- Parks, Trails, Open Space
- Downtown Revitalizations
- Economic District Design
- Single & Multi-Family Community Plans
- Design Guidelines
- Streetscape & Corridor Plan
- Public Facility Design
- Construction Documents & Administration
- Horticulture Expertise

Our team brings over 50 years of combined experience across California and Nevada, establishing a strong reputation for delivering exceptional quality, timely project completion, and a deep understanding of local conditions. We are dedicated to providing client-centric solutions, and this strategic expansion enables us to offer specialized landscape architecture services that are uniquely tailored to the specific needs and characteristics of Nevada's diverse regions. If you have a project in mind, we invite you to contact us to explore how Wood Rodgers can develop innovative, sustainable, and successful landscape solutions that exceed your expectations.
