

Brooklyn Fine Art Print Fair Expands Lineup to Include Print-Focused Programming, Partner Activations, and Community Events

The fair celebrates all things printmaking by offering a variety of demonstrations, talks, and tours for guests seeking further knowledge of the print trade. Beyond the fair walls, neighborhood events join the celebration.

Brooklyn, New York (February 26, 2025) — The Brooklyn Fine Art Print Fair (BFAPF) brings together a vibrant ecosystem of fine art print production and publishing, presenting an international cohort of 75 exhibitors including **41 international printers and galleries**, **28 self-representing artists and book arts makers**, and **6 academic print departments** including Hunter College, Parsons Printmaking, Cooper Union, CUNY Staten Island, Pratt, and SUNY Purchase. The fair is produced and hosted by Gowanus-based not-for-profit Powerhouse Arts and takes place from **March 27 through 30, 2025**.

BFAPF is a critical new entrant in the New York art fair circuit, one committed to re-affirming New York as a key hub for esteemed print fairs. Powerhouse Arts Printshop Director Luther Davis states: “If we succeed in creating the forum for print we are so passionate about with this fair, we hope that collectors will not only acquire some incredible works, but they may leave with greater knowledge

about the trade and new connections with the artists and printers themselves thanks to a range of demos, talks, and workshops we will be hosting throughout the show's run."

Beyond the booth and table presentations, BFAPF offers the following programming schedule:

Talks:

Friday, March 28 at 4:00PM

Culture, Climate, and Conflict

Rob Swainston and Zorawar Sidhu with Lane Sell
