

empowering your logistics

About us

We are a sure and sharp solution to your logistics requirements. Starting our operations in the year 1999 from Ahmedabad city, we are now present all over India and across the globe. This growth is attributed to our satisfied clients who have not just retained our services over the years, but recommended us to many others who needed cost effective and reliable logistics solutions.

19 years of being in the industry has enriched us and helped us gain an edge over the competition. They have a long way to go before they match us in cost effectiveness, speed and reliability of shipments. Our technology and knowledge updating training programs keep all our 70 employees abreast with the latest in technology and laws prevailing in various countries. This knowledge helps all of us to function optimally for hassle free deliveries.

Vision

“To be a logistics solution company for all, ranging from an individual to a corporate. We want to be unmatched in cost effectiveness, reliability and speed.”

Mission

“We aim to be a benchmark in logistics solutions. We will achieve this position by employing the best in technology and People and by implementing strong business ethics.”

Core values

- Ethical Business Practices

With his enthusiasm, commitment, experience and knowledge he has transformed the organization and made it flexible, efficient and system oriented.

Why Shakti?

As a logistics service provider, we effectively engage with you and provide the best solution. Our cost capabilities and measurable results will not only satisfy you, but will forever relieve you of the effort of finding a right logistics partner. We follow the five way approach to satisfy every single client of ours.

Knowing your business

We first understand your product and apply the best solution by utilizing our past experience in shipping similar or same types of products.

Adding value by cost saving

It is not just about the freight rate, but about reducing the total costs of shipping your goods. We add value to your business by saving the logistics effort and cost.

Being honest

Whatever may be the scenario, stating the truth has been our policy with our clients. Our systems are based on transparency and visibility of the entire process. From freight invoice auditing, carrier relationship management, to a dedicated customer service representative for our shipper client, we believe in stating the truth under any circumstances!

Customised solutions

We will offer you tailor made solutions suiting your shipping needs. This will give your products a competitive edge in a cut throat competition era of today.

Reliability

Companies like BlueDart, Fedex and TNT are associated with us, speaking volumes about our reliability

Sea

Freight Forwarding

Our expertise in Sea freight management will not just save costs for you but also will save the anxiety for you. We promise a responsible handling of your cargo. We are experts in Import and Export of Less than Container Load (LCL) shipments and Full container load shipments (FCL) from the different inland container depots (ICD) of India to the gateway ports.

LCL

We are experts in Import and export of Less than Container Load (LCL) shipments from the different inland container depots (ICD) of India to the gateway ports. At the gateway ports, our team of Multi City Consolidation revises containers and shipments to be delivered at the closing destination.

Using this facility the exporters can hand over shipment at ICD for the transportation to the gateways. From the different gateway ports, these LCL shipments are packed into console boxes to be transported to different international destinations.

It means now customers from an inland location of India can directly avail the LCL cargo services using Multi City Consolidation Service.

FCL

When your cargo is a full container load (FCL), we will ensure you the lowest cost with an exceptional service. Our retained and esteemed client base speaks volumes about our track record in handling FCL shipments.

Custom Clearance

Our staff is well trained in custom laws of different countries. Their knowledge combined with the work experience ensures that your cargo does not get stuck at any place. We promise you hassle free handling and clearing of your material every single time.

Exim Documentation and Consultancy

We ensure that our employees are updated with the recent guidelines in exim documentation. Their work experience coupled with continuous updating of knowledge makes our exim documentation error free.

We utilize this experience and knowledge of ours and offer consultancy services to startups or companies that are exporting material for the first time. We share their concerns and give complete clarity on how to make their exim documentation for a hassle free export.

Import

We import any cargo from across the world to India. Our network which has expanded consistently over the years gives us an edge in efficiency and cost. Valuable or not so valuable, we monitor every cargo minutely till it reaches India and at the scheduled place.

We keep ourselves relevant, reliable and ready for today. We offer door to door or a port to port handling of your cargo and parcels. Under constant monitoring, we ensure that we safely deliver your stuff at the scheduled time.

Surface

Freight Forwarding

We provide you the best in road and rail cargo services. Our cost and efficiency in handling surface cargo is unmatched in the industry. The GPS tracking and train schedule monitoring ensures that your cargo is monitored at every step as you are kept updated about the movement of your valuable cargo. Our logistics team ensures the finest **Warehousing and Distribution Service** for your commodities.

Road Cargo

We provide you the best in road cargo services. Our cost and efficiency in handling road cargo is unmatched in the industry. The GPS tracking of trucks ensures that your cargo is monitored at every step as you are kept updated about the movement of your valuable cargo.

Rail Cargo

We provide you the best in rail cargo services. Our experience of 20 years comes in handy to save costs for you as we efficiently handle your materials by rail cargo. A designated person at our office monitors the running status of the train and provides updates in case of any changes in the train schedule.

Pickup and delivery services

Pickup and delivery services offer you peace of mind. Call us any time for collecting your material. In addition, you can ask for specific day and time for the pickup service, according to your convenience, 24 X 7. We will come to your place at your suggested time and will deliver on the day and time to the destination or person that you desire.

Distribution Service

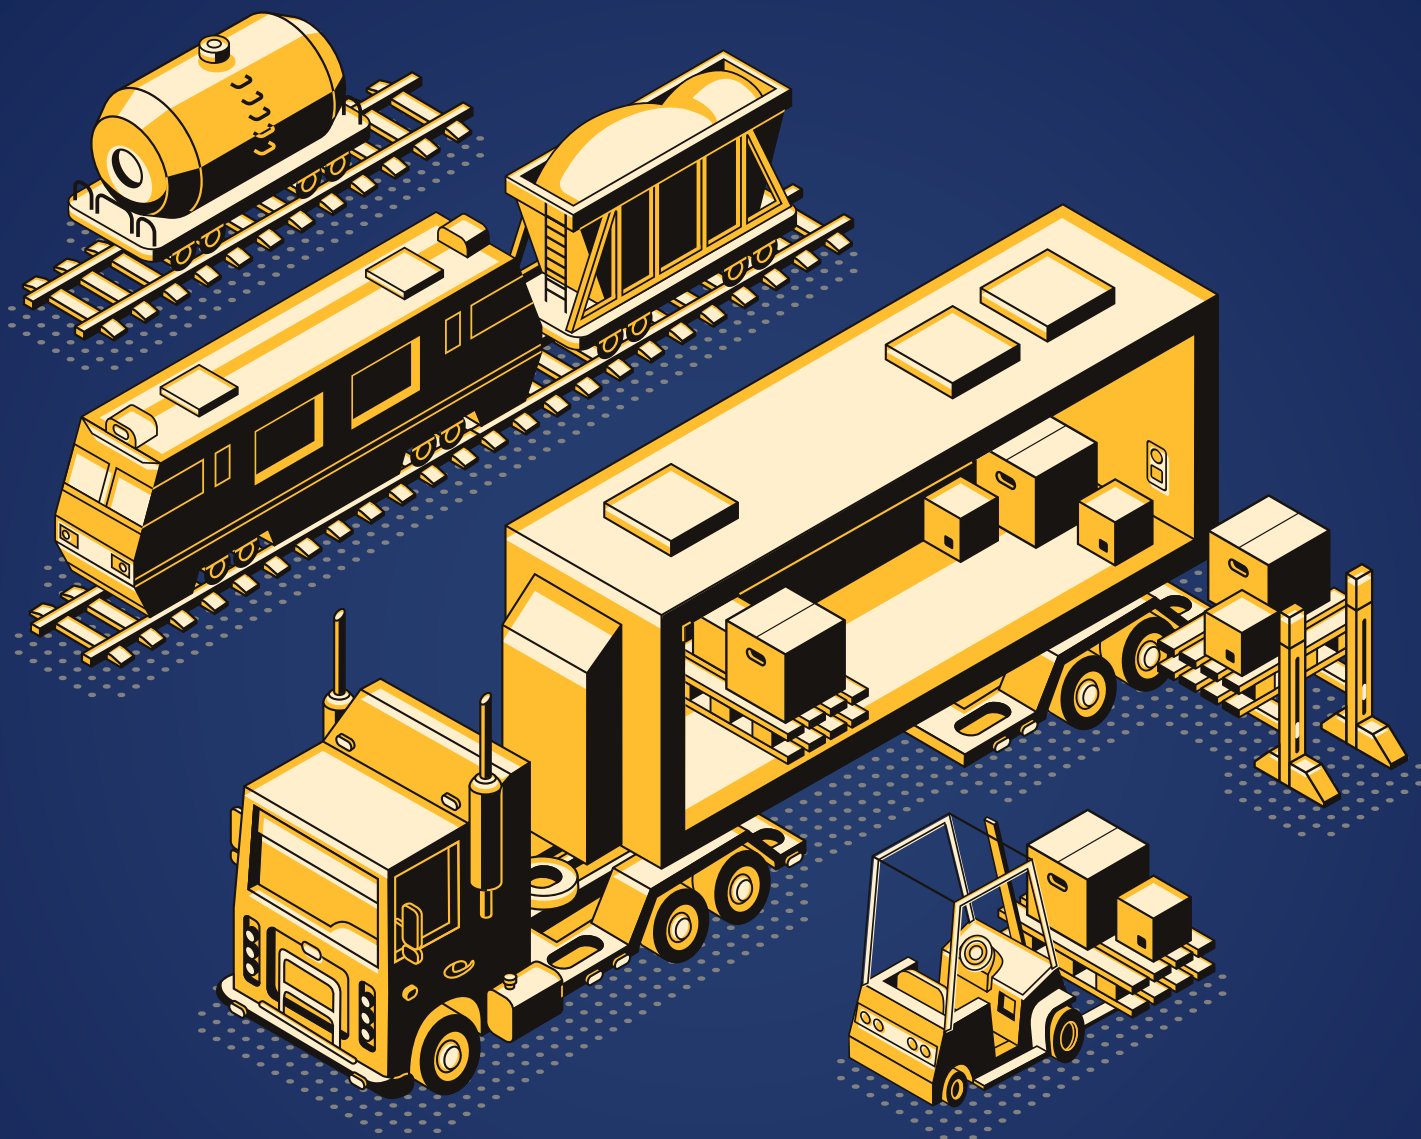

Our logistics team ensures you the finest Warehousing and Distribution Service for your commodities. Warehousing is the process of storing business centric goods at some place till the time of its distribution. We have different types of warehouses to ensure damage free product storage. We offer temperature controlled, raw material, bonded, finished goods and automated warehousing options. We provide Warehousing and Distribution Service in India for all the types of businesses at a minimum cost.

Road Feeder Services

We provide Road Feeder Services in India to complement the cargo service by aircraft or sea. Our Road Feeder Services operate between distribution hubs, ports and airports with the precise execution of all cargo shipments; ensuring delivery to the destination in the shortest possible time through trucks. We track each and every road feeder to ensure urgent cargo delivery on time at the airport, port or other truck. Our trucks are scheduled for everyday work and cover every port, airport and terminals across India. Our Road Feeder Service has hi-tech temperature controlled trucks to transport temperature sensitive material. In addition, we provide high security, dual temperature option and GPS communication for tracking.

Multi City Consolidation

We offer a Multi City Consolidation (MCC) Service in India. We pickup and deliver your material at all places across India. You save costs with our MCC as we reach your material to the destination by scheduling the road transport in a way that makes your material travel a minimum distance possible to the destination.
