

2026 ENTERGY NEW ORLEANS GREEN SELECT PROSPECTIVE PRODUCT CONTENT LABEL¹

Entergy's Green Select is a renewable electricity product. Entergy's Green Select matches 25%, 50% or 100% of your electricity usage. In 2026, Entergy's Green Select will be made up of the following renewable resources. For more information, www.green-e.org.

Green-e Energy Certified New ² Renewables in Entergy's Green Select. (Actual name may change with marketing and branding. This is what's referenced in the filing)		Generation Location
-Biomass	0%	
-Geothermal	0%	
-Hydroelectric	0%	
-Solar	0%	
-Wind	100%	TX
TOTAL	100%	

1. These figures reflect the renewables that we have contracted to provide. Actual figures may vary according to resource availability. We will annually report to you before August 1 of next year in the form of a Historical Product Content Label the actual resource mix of the RECs you purchased. These figures reflect the resource mix of the RECs that will be delivered to Entergy's Green Select in 2026.

2. New Renewables come from generation facilities that first began commercial operation within the past 15 years. This product includes generation from a facility that is approved for extended use by Green-e Energy.

For comparison, the current average mix of energy resources as of 2025 supplying Entergy New Orleans includes: Coal (1.4%), Natural Gas (29.7%), Nuclear (59.4%), Renewables (3.5%). The remaining balance is made up through market purchases (6.0%).

For specific information about this product, please contact Entergy New Orleans by phone at 1-800-368-3749 or www.entergy.com/contact

Entergy's Green Select is Green-e Energy certified and meets the environmental and consumer-protection standards set forth by the nonprofit Center for Resource Solutions. Learn more at www.green-e.org.
