

Patient Instructions for Minor Surgery

1. Please shower prior to your surgical procedure, using an antibacterial soap such as Dial. Gently wash your face the morning of surgery. Please do not apply any makeup.
2. We may apply an antibiotic ointment to the area. DO NOT use Neosporin or antibiotic ointments containing Neomycin. We recommend Bacitracin.
3. Normal showering is allowed on the first day after surgery, unless instructed by the doctor.
4. Any unexplained development of pain, swelling or fever should be reported to us immediately.

Don't take any chances! If you are concerned about anything, please call us at 715-828-2368.

We greatly appreciate the confidence you have shown in us by allowing us to assist you in improving your appearance and health, and you may be assured of our best efforts to achieve the most satisfactory surgical result possible for your particular individual anatomy and condition.

Robert J. DeFatta, MD, PhD, FACS
