Feed Date	Episode #	Synopsis
12.03.25	#B-124	Christopher presents his "Control Innovation" for people in wheelchairs designed to control wheelchairs, computers and other objects with a simple head movement. Katie is a hard of hearing high school student who invented "Project Wise Word" an on-line lip reading dictionary that helps hard of hearing students learn French! Christopher and Team Naismith face off against Katie and Team Banting in the Invent Off Challenge to see who can design the coolest Baby Cam!
12.10.25	#B-125	Blair presents "Locker Lites", a line of fun and energy efficient magnetized lights designed to bring life to dark and dull school lockers. Alison presents "Sure Foot" a paint additive made from old tires that creates a slip proof surface when painted on stairs or floors! Blair leads Team Banting against Alison and Team Naismith in the Build a Better Cat Toy Invent-off Challenge. But first, the teams compete in the Tower of Power mini-challenge.
12.17.25	#B-126	Logan presents his "Gutter Plow", a clever gadget that makes cleaning gutters a breeze! Dheevesh presents the "Bio-Inspired Photonic Fuel Cell" an invention that makes it possible for hydrogen fuel cells to be powered by the sun. Logan leads team Banting against Dheevesh and team Naismith in the Dog Ball Launcher Invent-Off Challenge. But first, the teams compete in the Marble Craze Mini Challenge.
12.24.25	#B-127	Mia presents her green human-powered television Crank Remote. Patrick presents the Brain Drain, a hockey helmet that protects players with revolutionary air bag style cushioning. Mia leads the Orange Team and Patrick leads the Purple Team in the invent-off challenge, to see who can invent the best Light Up Snuggle Toy. But before the big challenge, the teams compete in a Mini Challenge for a reward that could help them win the genius cup!
12.31.25	#B-128	Calvin presents a revolutionary water-making Dew Collector. Adelina introduces the Audio Adjuster, a computerized device that slows down audio and video in the classroom and helps autistic children to learn. In the Invent Off Challenge, Calvin leads the Orange Team against Adelina and the Purple Team to see who can create the coolest School Recycling Station. But before the big Invent Off challenge, the teams must compete in a Mini Challenge for a reward.
