

2025 Perfect Game All Star Game

Perfect Game, the world's largest youth baseball and softball platform and scouting service will host its esteemed **2025 Perfect Game All Star Game** on **Sunday, August 15 at Petco Park, San Diego, CA.**

The 3rd annual **Perfect Game All Star Game** features the top players in the rising Junior and Sophomore Classes each year (2027 and 2028 this year). This event will bridge the gap between the PG Select Festival and PG All American Classic to give each group a premier game at the end of each summer to showcase their talents.

Players will be selected from all PG events leading up to the game with the PG Junior National Showcase, PG Sophomore National Showcase and the PG Underclass All American Games serving as the main selection events for players. The rosters include 25 players committed to top NCAA Division 1 programs and players from 17 states and Puerto Rico.

In 2024, the American League defeated the National League, 5-2. The game featured impressive performances from pitchers and hitters alike, with several players demonstrating their potential for future professional careers.

The All Star Game will be produced by Perfect Game. For more information - [Perfect Game USA - World's Largest Baseball Scouting Service](#)
