

LINK **Three**

Control unit for DURAVISION LED lights.

Black aluminium cabinet, with glass front plate.

Quick installation, wall mounting bracket and push-in connectors reduce installation time and effort.

Stable 12VAC output regardless of the voltage input.

Connected with our **DURA Cloud App** by Bluetooth and Wi-Fi.

OneTouch LED, indicates the state of the controller.
Push the OneTouch LED, to switch the LED lights ON or OFF.

Basic **ON/OFF communication technology**, for all DURAVISION lights.

Advanced and unique **DuraNet Communication Technology*** in combination with compatible DURAVISION lights:

- Free choice of colour
- Dimming
- LINK Touch compatible, if the option module is installed
- DMX512/RS485 compatible
- Automatic synchronisation

Connection to **home automation system** via RS485 or DMX512.

Control of external devices such as garden lighting or pool cover via 3 onboard relay contacts.

Available option:

- LoRa module, wireless connection with **LINK Touch** remote control, and 2 relay contacts

Connect several controllers to operate as one, using the RS485 connection.

* **DuraNet Communication Technology**
Unique communication protocol over the power cable. Allows full control of connected Duratech products with a single cable.

Technical Specifications

PRODUCT CODE		LINK-THREE-340
Type of control DURAVISION		ON/OFF & DuraNet
DURA Cloud App		✓
Bluetooth BLE		✓
Wi-Fi 2,4GHz		✓
LINK Touch compatible		Optional via LoRa module
Nominal input voltage	VAC	230
Output power	VA	340
Output voltage (SELV)	VAC	12
Relay contacts		3 + 2 Optional via LoRa module
RS485/DMX512		2
IEC protection class		Class I
IP class		IP54
Unit dimensions (L*W*H)	mm	345*240*66
Net weight	kg	2,44
Warranty	year	2

Option module

LORA MODULE
ACCS-LINK-003

The LoRa module enables wireless communication between the LINK One and LINK Three controller and the remote controls LINK Touch and TX868.

The module has 2 relay contacts to control external devices, such as garden lights or pool covers.

The antenna can be extended using the 10-metre extension cable (ACCS-LINK-001).
