ANSI/ISEA 105

■ Description:

The X-Slash 1122G helps you get a grip on your toughest jobs. We added steel and glass fibers to the salt and pepper high-performance polyethylene yarn (HPPE) to offer better protection against cuts (ANSI Cut Level A6), punctures, and abrasions. The sandy nitrile coating on the palm and fingers helps you hold up in the most rigorous conditions. The 1122G also includes touchscreen-friendly fingertips, reinforced thumb crotch and an anti-microbial finish, for when the scrolling gets tough and the jobs get dirty.

■ Industries/Applications:

- Manufacturing
- Construction
- Metal Fab
- Automotive
- Various Other
- Sharp Parts Handling
- Glass Cutting
- Sheet Metal Handling
- Press Injection Molding
- Press Shop Operators

Warning: Cancer and Reproductive harm.
