BIO

I'm Xinying Ren, a visual designer with a master's from the Academy of Art University specializing in Interaction & UI/UX Design. Previously, I earned a bachelor's in Digital Design from the City College of New York. With a background in painting and freelance 2D animation, I aim to create aesthetically pleasing designs that engage audiences. Honored with awards such as the Best Undergraduate Animation at the CUNY Film Festival and the Rose Pak Memorial Scholarship, I bring both creativity and professionalism to my work.
