Dear parents and guardians,

The Greek Community of Toronto, continues to promote Greek language studies and Orthodox traditions. In collaboration with the University of West Macedonia we have developed Paideia, which is the first ever comprehensive Greek language curriculum that is based on the Common European Framework of Reference for Languages (CEFR). Specifically, Paideia provides Greek language and heritage education to over 900 students (i.e., kindergarten to grade 12) in the Greater Toronto Area. Additionally, our program has been adopted by eight more Communities in Ontario (e.g., York Region, Oshawa, Mississauga, St. Catharines, Hamilton, Burlington, Sudbury, Smithville) that have already documented a significant improvement in their students' Greek language proficiency. Paideia's effectiveness and higher educational value lies in the fact that it promotes multilingualism, global citizenship, and 21st century skills like communication, collaboration, creativity, and critical thinking. Our students learn Greek, religion, history, geography, traditional Greek dances and Greek songs. We invest in the Greek Language and History, and the Greek Culture of Incomparable Value. For more information, please contact the Education Office of the Hellenic Community of Toronto.

SAFETY AND HEALTH

The safe operation of Greek schools is our top priority. Safety and Health practices will continue to be updated according to the guidelines and requirements of the provincial government of Ontario and Toronto Public Health. More details are available on the Ministry's Website: <https://www.ontario.ca/>.

This year, class sizes will continue to remain small, allowing for the safe social distancing of students and a lower teacher-student ratio enabling staff and students to focus more on the quality of learning. Staff and students who are unwell must not attend school. Personal hygiene protocols, including cleaning high-touch surfaces, such as desks and door handles, are in place. Thank you very much for supporting our Greek Language and Heritage programs. Please contact us if you have any questions or concerns.

We wish you a safe, fun, productive, and very "Greek" school year!

D. RESPECTING HOME-SCHOOL RULES AND BUILDING POSITIVE RELATIONSHIPS:

The GCT Education Department promotes responsibility, respect, civility and academic excellence in a safe learning and teaching environment. All students, parents, teachers and staff have the right to be safe, and feel included and valued in our school community. With this right comes the responsibility to be good citizens and students and to be accountable for actions that put at risk the safety of others or oneself. The Ontario Code of Conduct sets clear provincial standards of behaviour. It specifies the consequences for student actions that do not comply with these standards. The Provincial standards of behaviour apply not only to students, but also to all individuals involved in school systems.

- ***RESOLVING CONFLICT BETWEEN HOME AND SCHOOL***

The GCT Education Department welcomes your questions and concerns, and makes every effort to address them as quickly as possible. The sequence in the example chart below reflects the best way to contact us, and who you should reach out to and when. In any situation, your child’s classroom teacher is the first point of contact, followed by the Director of Education, and the Co-chairs of Education.

The “progressive discipline” approach for addressing inappropriate behaviour is a whole school model that utilizes a continuum of prevention programs, interventions, supports and consequences and builds upon strategies that promote and foster positive behaviour.

E. GREEK LANGUAGE PROFICIENCY EXAMS - ΕΞΕΤΑΣΕΙΣ ΕΛΛΗΝΟΜΑΘΕΙΑΣ

ΕΓΓΡΑΦΕΣ: 1 Φεβρουαρίου – 22 Μαρτίου

Η ΕΚΤ έχει οριστεί ως εξεταστικό κέντρο για την πιστοποίηση της Ελληνομάθειας από το Κέντρο Ελληνικής Γλώσσας του Υπουργείου Παιδείας της Ελλάδας. Οι κάτοχοι του πιστοποιητικού Ελληνομάθειας εξασφαλίζουν διεθνή αναγνώριση του γλωσσικού τους επιπέδου και μπορούν να το χρησιμοποιήσουν για σπουδές σε ελληνικά πανεπιστήμια ή για επαγγελματικούς λόγους.

Το πρόγραμμα σπουδών της ΕΚΤ βασίζεται στις αρχές διδασκαλίας της ελληνικής ως ξένης/ δεύτερης γλώσσας και ακολουθεί τα επίπεδα και τους επιμέρους στόχους που εξετάζονται στο πλαίσιο της πιστοποίησης επάρκειας της ελληνομάθειας. Ιδιαίτερη έμφαση δίνεται στην καλλιέργεια και των τεσσάρων δεξιοτήτων, με τη χρήση στρατηγικών μάθησης τόσο του προφορικού όσο και του γραπτού λόγου και πρακτικών εφαρμογών μέσα στην τάξη για κάθε δεξιότητα. Κοινός στόχος του προγράμματος είναι η λειτουργική χρήση της γλώσσας από τους μαθητές.

Στην πρωτοβάθμια εκπαίδευση (νηπιαγωγείο ως 8η τάξη), το αναλυτικό πρόγραμμα των σχολείων μας προβλέπει την πιστοποίηση των μαθητών μας στα επίπεδα Α1 (Δ΄ Τάξη), Α2 (ΣΤ΄ Τάξη) και Β1 (Β΄ Γυμνασίου). Ακολούθως, στη δευτεροβάθμια εκπαίδευση (Credit School), επιδιώκεται η πιστοποίηση των μαθητών μας στα επίπεδα Β2 (Α΄ Λυκείου) και Γ1/Γ2 (Γ΄ Λυκείου).

Παράλληλα οι μαθητές που ξεκινούν την ελληνόγλωσση εκπαίδευση για πρώτη φορά από την 9η τάξη μπορούν να πιστοποιηθούν τον επόμενο χρόνο στο επίπεδο Α1 για εφήβους και να συνεχίσουν στα επόμενα επίπεδα ανάλογα με την πρόοδό τους στη γλώσσα. Το ίδιο ισχύει και για τους μαθητές των τμημάτων ενηλίκων.

REGISTRATIONS: February 1 - March 22

The GCT is an official test centre for the Ellinomatheia Exams recognized by the Centre of the Greek Language of the Greek Ministry of Education. Specifically, Ellinomatheia exams are the only official tests to examine the second/foreign language learners in their various skills in Greek. People who obtain the Ellinomatheia certification are recognized worldwide for their language qualifications, which can be used to study in universities in Greece or for professional reasons.

Paideia is based on the precept of Greek being taught as a second/foreign language, and it follows both the levels and objectives, which are assessed in the Ellinomatheia exams. A special emphasis is given towards the balanced cultivation of all learning goals, using strategic lessons to make sure that both the oral and written communication criteria have been met at each level. A common objective of the program is the functional usage of the language by the students.

For elementary school students (kindergarten to Grade 8), our curriculum allows students to obtain certification for levels A1 (Grade 4), A2 (Grade 6) and B1 (Grade 8). At the secondary level (Credit School), students will be able to successfully pass the exams for levels B2 in Grade 10, C1 or C2 in grade 12. Students who start Greek school in Grade 9 can obtain the A1 certification, and continue moving up the levels depending on their commitment and performance. The same conditions apply for adult students.

F. CURRICULUM DESCRIPTION

NEW MODERN GREEK LANGUAGE CURRICULUM: PAIDEIA

In an effort to reform Greek Language and Heritage Programs, the Greek Community of Toronto leads the way by collaborating with the University of West Macedonia in the development of a Modern Greek Language Curriculum. This new Greek language program, which is called Paideia, is tailored to meet the needs and interests of students who learn Greek as a second or foreign language. It is our true conviction that all students of Greek Heritage should attend Greek Language and Heritage Programs, and for this reason we developed a program that not only helps students become proficient in Greek, but also allows them to preserve their Greek identity. Paideia is a complete education program that integrates the teaching of language and culture in a proficiency-based model, and it aims to meet the learning needs of students whose first language is not Greek. It is important to stress the fact that with the help of Paideia anyone can learn Greek, and necessarily only students who have Greek roots. The syllabus for each grade level contains 30 units that address the learning needs of students who study Greek, from kindergarten to the end of secondary education (6-18 years old). This syllabus has already proven to be very effective in our classrooms, and it can become an invaluable tool for all organizations which aspire to support Greek Language and Heritage studies.

Due to the fact that Paideia is a proficiency-based language program it can easily be implemented in all types of schools, from intensive programs to less comprehensive programs. All communities and organizations that run a Greek school will benefit from a program that offers clear learning goals and expectations, and continuity through all the grades of Greek school.

“Paideia” is a Modern Greek Language, Literature and Heritage Program which integrates the teaching of language and culture in a proficiency-based model, and it aims to meet the learning needs of students whose first language is not Greek, and it is based on the latest research and theoretical frameworks in the field of language instruction.

As an effective Greek language program Paideia successfully fulfils the following requirements of Modern Curricula:

a) It supports the instruction of Modern Greek as a second or foreign language. Since the majority of our students live in a purely English-speaking environment, it is crucial for the success of this program to acknowledge their special learning profiles. Greek language learners will benefit from this program as it is based on international best-practice models for the instruction of international languages. Also, it integrates the teaching of language and culture in a proficiency-based model that caters to students from all backgrounds.

b) It takes into account the Ontario curricula for the instruction of English and International Languages. Thus, it incorporates elements (teaching and learning strategies, assessment tools etc.) that are familiar to students from their day schools. This helps students make deeper connections with prior knowledge and understanding that ultimately enable them to acquire higher Greek language skills. Additionally, it takes into account the views of the Council of Canadian Ministries of Education with respect to the educational value of the Common European Framework. Specifically, the Council’s analysis and evaluation of this framework is described in detail in the document “Working with the Common European Framework of Reference for Languages (CEFR) in the Canadian Context: Guide for policy-makers and curriculum designers”. This effort by the Council intended to generate reflection among ministries of education and

local jurisdictions, such as school boards, universities, and research centres, with respect to the potential use of the CEFR in the Canadian context. It provides possible avenues of direction to policy-makers and curriculum designers with regard to the use of the CEFR in the Canadian context, taking into account Canadian concepts of language teaching, learning, and assessment, recent research developments, and innovative programs that have been implemented in Canadian provinces and territories for over 30 years. This initiative is part of an ongoing societal response shaped by citizen mobility and by increasing numbers of multicultural and multilingual newcomers to Canada. The council concludes that the CEFR should play a central role in the instruction of international language.

c) It is in accordance with the guidelines stipulated by Greek Legislation with respect to the acquisition of language skills and the respective levels of Greek Language Proficiency. Specifically, the levels of attainment of all aspects of the Greek language are defined by the Common European Framework of References for Languages: Learning, teaching, assessment. The Common European Framework provides a common basis for the elaboration of language syllabuses, curriculum guidelines, examinations, textbooks, etc. across Europe.

d) It describes in a comprehensive way what language learners have to learn to do in order to use a language for communication and what knowledge and skills they have to develop so as to be able to act effectively. Additionally, the description covers the cultural context in which the Greek language is set. Finally, the CEFR also defines levels of proficiency which allow learners' progress to be measured at each stage of learning and on a life-long basis.

Principals and Key Features of Paideia:

A. It is modern, as it aims to:

- Utilise contemporary and research-based teaching theories, which will enable instructors to apply the most effective teaching approaches
- Introduce active and cooperative learning, which enhance student participation in various learning environments that promote communication. Thus, every student's learning is whole and envelops all aspects of language (listening, speaking, reading, writing, etc.).
- Develop multi-literacies, which allow students to construct meaning from the cultural and linguistic features that are present in Greek Culture and Language.
- Cultivate cognitive and metacognitive language learning strategies.
- Promote bilingual awareness, and help students make connections between English and Greek.
- Enhance students' creativity, communication, and critical thinking skills.
- Apply alternative forms of assessment, (personal learning plan, student portfolio, self and peer assessment etc.).

B. It is balanced, as it aims to:

- Introduce a "balanced approach" to Greek language education. This will lead to the utilisation and construction of a wide variety of materials that support differentiated instruction. Additionally, this syllabus will highlight a host of different elements that can be found in a contemporary literacy program,

(i.e., teaching resources and tools, methods of instruction and assessment, etc.). This “balanced approach” will be beneficial to all students.

- Catalogue different learning activities and teaching techniques, which meet the needs, interests and learning profiles of all students.

C. It is student-centred and inclusive, as it aims to:

- Utilise students’ prior knowledge, and attainment level
- Meet diverse needs and interests
- Satisfy different learning styles (sensory, multimodal learning environment)
- Engage all students in the learning process

D. It is cross-curricular, as it aims to:

- Organize and connect content with the culture, history and traditions of Greece and Canada
- Promote intercultural awareness, multilingualism, plurilingualism and global citizenship

E. It is Detailed, as it aims to:

- Provide complete lesson plans and solid guidance to all Greek language teachers. Learning goals, overall and specific, are described in detail and they are easy to comprehend. Similarly, teaching strategies are specific and easy to be applied in the classroom. Thus, teacher guides are a perfect companion for all educators, regardless of their experience. Moreover, these guides are especially beneficial to Greek language instructors who are not certified teachers.

F. It is flexible, as it aims to:

- Support language programs of a wide variety of schools (private, after school etc.) with different learning objectives. Specifically, the syllabus differentiates learning expectations according to their educational value. Therefore, schools with more intensive programs can adopt a more comprehensive instructional approach, whereas schools with basic programs are able to focus on the fundamental and most important learning objectives (“Big Ideas”) that are outlined in the syllabus. Finally, due to the fact that “Paideia” integrates the teaching of language and culture in a proficiency-based model, students have the ability to enter at different points, depending on their language proficiency.

Νέο Σύγχρονο Αναλυτικό Πρόγραμμα: «ΠΑΙΔΕΙΑ»

Η Ελληνική Κοινότητα πρωτοπορεί στο χώρο της Ελληνόγλωσσης Εκπαίδευσης στο Εξωτερικό. Στα πλαίσια των διαχρονικών προσπαθειών μας να αναβαθμίσουμε την ποιότητα των σχολείων μας, παρουσιάσαμε ένα νέο πρόγραμμα σπουδών με την ονομασία «Παιδεία». Πρόκειται για ένα ολοκληρωμένο πρόγραμμα εκμάθησης της ελληνικής γλώσσας, το οποίο εφαρμόζουμε με επιτυχία από το 2014. Ενθαρρύνουμε, όλες τις Ελληνικές Κοινότητες, οργανισμούς και οικογένειες, να μάθουν περισσότερο για το αποτελεσματικό αυτό πρόγραμμα σπουδών, το οποίο είναι το πρώτο και μοναδικό πρόγραμμα ελληνόγλωσσης εκπαίδευσης στον κόσμο, το οποίο καλύπτει όλες τις τάξεις από το

νηπιαγωγείο έως και την Γ' Λυκείου. Επίσης, είναι το μοναδικό πρόγραμμα σπουδών, το οποίο βασίζεται στις εξετάσεις της Ελληνομάθειας και το Κοινό Ευρωπαϊκό Πλαίσιο Αναφοράς για την εκμάθηση ξένων γλωσσών. Τέλος, το πρόγραμμα Παιδεία είναι ένα ολοκληρωμένο πρόγραμμα σπουδών, διότι περιλαμβάνει ένα αναλυτικό πρόγραμμα, σχολικά εγχειρίδια για τους μαθητές και αναλυτικούς οδηγούς για τους εκπαιδευτικούς.

Το νέο αναλυτικό πρόγραμμα «Παιδεία» που αποσκοπεί στην καλλιέργεια της Ελληνικής Γλώσσας και Πολιτισμού στα σχολεία μας, είναι επιστημονικά τεκμηριωμένο και βασίζεται σε στοιχεία των παρακάτω Θεωρητικών Πλαισίων και Προγραμμάτων Σπουδών:

1. Το Κοινό Ευρωπαϊκό Πλαίσιο Αναφοράς για τις Γλώσσες που καθορίζει τα επίπεδα γλωσσομάθειας από Α1 έως Γ2 ανάλογα με το επίπεδο γνώσης της γλώσσας, ικανότητας χειρισμού της και επικοινωνίας με αυτή.
2. Το αναλυτικό πρόγραμμα της Ελλάδας για την εκμάθηση της Ελληνικής ως μητρική.
3. Τις τελευταίες σύγχρονες Παιδαγωγικές Θεωρίες για την εκμάθηση γλωσσών (μητρικής, δεύτερης ή ξένης)
4. Το αναλυτικό πρόγραμμα του Οντάριο για το μάθημα της γλώσσας.
5. Το Θεωρητικό Πλαίσιο και τα Προγράμματα Σπουδών του Πανεπιστημίου Κρήτης
6. Τα πορίσματα της μελέτης του Συμβουλίου των Υπουργών Παιδείας του

Καναδά πάνω στην εκπαιδευτική αξία του Κοινού Ευρωπαϊκού Πλαισίου Αναφοράς για τις Γλώσσες και κατά πόσο αυτό το Πλαίσιο Αναφοράς έχει θέσει στην Καναδική Εκπαιδευτική Πραγματικότητα.

Στο Αναλυτικό Πρόγραμμα κάθε τάξης-επιπέδου λαμβάνονται επίσης υπόψη:

- α) Οι βασικές αρχές για τη διδασκαλία δεύτερης/ξένης γλώσσας και οι σύγχρονες επικοινωνιακές παιδαγωγικές θεωρίες και μέθοδοι διδασκαλίας και αξιολόγησης
- β) Η σύνδεση της αγγλικής με την ελληνική γλώσσα, κυρίως μέσα από την πληθώρα λέξεων-εκφράσεων ελληνικής προέλευσης που ήδη γνωρίζουν οι μαθητές από το πρωινό τους σχολείο
- γ) Η ηλικία και το στάδιο γνωστικής, συναισθηματικής και ψυχολογικής ανάπτυξης των μαθητών
- δ) Το φυσικό, πολυπολιτισμικό και κοινωνικό περιβάλλον του Καναδά και της ελληνικής παροικίας στην οποία συμμετέχουν οι μαθητές
- ε) Οι νέες τεχνολογίες και οι δυνατότητες εκπαιδευτικής και παιδαγωγικής αξιοποίησης ηλεκτρονικών πηγών και εργαλείων του διαδικτύου
- στ) Το φυσικό, πολιτισμικό και κοινωνικό περιβάλλον της σύγχρονης Ελλάδας
- η) Ο χρόνος που έχουν οι μαθητές στη διάθεσή τους για την ελληνόγλωσση εκπαίδευση, σε συνδυασμό με άλλες σχολικές και εξωσχολικές τους δραστηριότητες.

Κεντρικοί μας στόχοι είναι οι μαθητές μας να γίνουν άριστοι χειριστές της ελληνικής γλώσσας και να διατηρήσουν την ελληνική ταυτότητα. Ο ελληνικός πολιτισμός, οι ελληνικές αξίες και οι ελληνορθόδοξες παραδόσεις αποτελούν τα καλύτερα αγαθά και εφόδια που μπορούμε να χαρίσουμε στα παιδιά μας.

Ακόμη, επιδιώκουμε η γλωσσομάθεια των μαθητών μας να πιστοποιείται αντικειμενικά και με διαφάνεια μέσα από τη συμμετοχή τους στις εξετάσεις της Ελληνομάθειας, οι οποίες διοργανώνονται από το Υπουργείο παιδείας της Ελλάδας. Οι μαθητές του προγράμματος Παιδεία έχουν τη δυνατότητα να αποκτήσουν διεθνώς αναγνωρισμένα πιστοποιητικά Ελληνομάθειας. Τέλος, σε όλα τα τμήματα της Ελληνικής Κοινότητας από το νηπιαγωγείο μέχρι την Β' Γυμνασίου οι μαθητές εκτός από το γλωσσικό μάθημα, διδάσκονται παραδοσιακούς χορούς και τραγούδια, λαογραφία, θρησκευτικά, στοιχεία ιστορίας, μυθολογίας, γεωγραφίας και καλές τέχνες.
