

ARTHUR HAMILTON

Industrial Design Student

(He/Him or They/Them)

360.567.8164 | imarthamilton@gmail.com | <https://www.imarthamilton.com/>

Why me? I believe that everyone deserves empowerment in shaping the impact of products in their lives. I choose to be an ally to my users, aiming to design a world that I want to live in through curiosity, empathy, and a thirst for knowledge. I thrive on tackling big challenges, and am eager to contribute to your organization.

Education

Western Washington University

Sept 2020- June 2025

BS, Industrial Design, Minor in User Experience Design

3.84 GPA while working as a full-time student. Awarded numerous scholarships.

Clubs: IDSA - Industrial Designers Society of America: Officer 2023 - 2024, Member since 2020

SWE - Society of Women Engineers: Member since 2020

Intramural Soccer- ABBA: Member since 2021, 2x Indoor Champions

Experience

Western Washington University

Sept 2022 - Present

Makerspace Supervisor

- **Technology Workshops:** Led workshops on a range of technologies, including 3D printing, laser cutting, and sewing, facilitating hands-on learning experiences.
- **Software Guidance:** Provided expert advice to students on their projects, leveraging my expertise in Adobe Illustrator, Rhino, Solidworks, and Blender to promote innovation, curiosity, and excitement.

HP Inc.

June-Sept 2023

Customer Journey Intern

- **Award-Winning Design Impact:** Achieved 'Runner Up' status in HP's global intern project competition, against 80 submissions, showcasing innovative design thinking and customer-centric solutions.
- **Streamlined Design Processes:** Engineered efficient design workflows, prioritizing user experience enhancements and contributing to improved product development outcomes.
- **User-Centric Research Expertise:** Led comprehensive user research efforts, gathering valuable insights through interviews, surveys, and focus groups to inform design decisions and align solutions with user preferences.
- **Visual Design Proficiency:** Crafted compelling visual artifacts, including journey maps and personas, fostering customer empathy among cross-functional teams and providing external perspectives on user experiences.

The RE Store

Dec 2021 - June 2022

Revision Division Design Intern

- **Sustainable Furniture Design:** Created sustainable furniture pieces with a strong focus on material efficiency and waste reduction, employed innovative design thinking techniques.
- **Streamlined Production Process:** Contributed to the production process through active engagement in prototyping, sketching, and testing at various holistic design cycle stages.
- **Material Innovation:** Incorporated salvaged materials into furniture designs.

Skills

- **3D Modeling:** Solidworks, Rhino, CLO, & Keyshot. • **Adobe Suites:** Photoshop, Illustrator, & InDesign.
- **UX/UI Design:** Figma, HTML, CSS, & Miro. • **AI:** ChatGPT, Midjourney, DALL-E 2, & Firefly.
- **Soft:** Attention to Detail, Problem-Solving, Communication, Collaboration, Learning Agility, Adaptability, & Empathy.
- **Interests:** Volunteering, Baking, Soccer, Gardening, Pottery, 3D Printing, Laser Cutting, Sewing, & Playing with my Dog.
