

CAREER NAVIGATOR PROGRAM

Helping Students Chart a Course Toward Career Success

What do you want to do when you grow up? You hear it time and again, but with so many career options, it's only natural you might have trouble answering that question.

That's why the Career Navigator Program was established. Learn about six career fields and the academic and technical preparation you need to thrive in them.

- > Agriculture, Food and Natural Resources
- > Art, Communications and Information Systems
- > Engineering, Manufacturing, and Technology
- > Health Science Technology
- > Human Services
- > Business, Management, and Administration

The Career Navigator will help you:

- 1 Learn about what interests you and what you are good at through a skills assessment
- 2 Explore different careers and learn about the work skills needed to succeed in each field
- 3 Develop an education plan for high school and beyond

Ultimately, the choice is yours, but you don't have to do it alone. The Career Navigator program is here to help. So, let's make this journey together toward your rewarding career!

The Career Navigator program is made possible through a partnership of
