SHINING A LIGHT ON GREAT EMPLOYEES!

***Jackie Wilson***  
***St. Clair School District***

“Jackie is the sole nurse for our school of just over 800 students and more than 100 staff members. She shows up every day with dedication and care, ensuring our students receive the best possible support while at school. Jackie is true team play and is always willing to step in and help with “other duties as assigned,” making her an invaluable part of our school community.”
