

Here's a quick overview of the registration process:

1. Create NSO Genius Student & Guardian Accounts:

- Click [here](#) to create both student and parent/guardian accounts.
- Once submitted, both accounts will be created, allowing access to various features, including course progress tracking.

2. Request Courses Using NSO Genius Account:

- Review the [course list](#) available on the platform.
 - Academy courses begin with SCSC -
- Follow the course request process outlined [here](#) to initiate the request.
- For parents that don't have an email address, once the course is requested you can click the o.l. supplemental form link in genius. You can print off the form, have the parent sign it and send it to our help desk. We will then enter the parent approval and put the form in the student's account.

3. Course Approval Process:

- Parents or Guardians must log into Genius to approve the course request.
- Your approval as the School Counselor is also crucial for enrollment.
- NSO will review and approve the request, addressing any questions or concerns promptly.

Next Steps for a Strong Start:

- Encourage students to complete the account creation and course request steps promptly.
- Remind parents or guardians to log in and approve their student's course requests.
- Ensure that you review and approve the course requests in a timely manner.

If anyone encounters difficulties or has questions during the process, our support team is ready to assist. They can be reached at nsohelpdesk@district287.org.
