

Access a health program built just for you

MHC is offering Omada® to help people manage diabetes or lose weight with one-on-one health coaching and the tools needed to build healthy habits that stick.

The best part: the program is **available to you** if you're clinically eligible to enroll.

With Omada, you'll get

- ✓ One-on-one support from a health coach, and a specialist for diabetes program members
- ✓ OmadaSpark AI—get answers to your food related questions and ideas for healthier meals and snacks
- ✓ Easy food tracking—just snap a picture, scan a barcode, use your voice or type in your meals

If you or your adult family members are at risk for type 2 diabetes or heart disease or are living with diabetes, and enrolled in our company health plan, MHC will cover the Omada program as part of your health plan.

Get a welcome kit once you enroll*

It includes easy-to-use smart devices, based on your needs, shipped to your door, yours to keep.

- Two continuous glucose monitor (CGM) sensors†
- Blood glucose meter (BGM) with an ongoing supply of test strips and lancets, as needed
- Smart scale
