

A Service of South Central Service Cooperative

Introduction to MnMTSS Regional, 6-Session Cohort

Are you curious about what MnMTSS is? Wondering how to more efficiently and effectively align your school system? Maybe you have participated in the Intro to MnMTSS Course before but need a jump start with a new team?

This course is foundational to MnMTSS Implementation. Teams will unpack the five components of the MnMTSS FRAMEWORK and begin to get a clear picture of their own system in relation to each component and subcomponent. To do this, teams begin to gather systems data (e.g., assessment, initiative, and teams' inventories) and complete the Self-Evaluation of MnMTSS for District Leadership Teams (SEMI-DLT). Finally, teams use their SEMI-DLT results and the MnMTSS Action Planning Guide to create a focused plan for systems improvement to ensure equitable outcomes, access, and opportunities for the students and families they serve.

The 4-day model is designed to condense learning while embedding aligned support with your MnMTSS Lead, allowing your team to engage in the work during the dedicated days instead of trying to find time between sessions. Some teams may need additional aligned support time, and your MnMTSS Lead is happy to connect between workdays. With this embedded support model, participating teams will head into the school year with an action plan that is ready for implementation.

Register Today

September 15: Sessions 1 & 2
October 13: Session 3 & Aligned Support Session
November 10: Sessions 4 & 5
December 15: Session 6 & Action Planning Session
9:00 a.m. - 3:00 p.m. Each Day
