

Making Career Pathways Visible

Designing Student-Centered Registration Guides & Course Pathways

ESSENTIAL QUESTION

If I were a student interested in a career area, how easy is it to discover, understand, and follow that pathway in our district?

WORKSHOP PURPOSE

District leadership teams will collaborate to evaluate how career pathways are communicated to students and families, learn from peer districts, and leave with practical improvements and an action plan.

WORKSHOP HIGHLIGHTS

1. Welcome & Setting the Stage Framing the Work

Create a shared vision for student-centered career pathway planning.

2. Registration Guide Gallery Walk Learning from Others

Explore effective practices and gather ideas from neighboring districts.

3. Student Lens Challenge Experiencing the Journey

Evaluate pathways through the eyes of students and families

4. Career Pathway Mapping Connecting Courses to Careers

Identify strengths, gaps, and opportunities within a pathway.

5. Registration Guide Audit Continuous Improvement

Assess registration materials for clarity, accessibility, and pathway visibility.

6. Action Planning Commitment to Action

Develop district-specific next steps and improvement priorities

Participants will leave with:

- New ideas and examples from peer districts
- A clearer understanding of how students experience registration
- Identified strengths and improvement opportunities
- A practical district action plan
