CAREER NAVIGATOR PROGRAM

Career Navigator Counseling Activities:

To achieve a more meaningful experience that will be a building block to career exploration, we are asking schools to complete three highlighted activities before, during and after their visit to South Central College.

High School Activity - Interests

- Explain what students can expect at Career Navigator
- Identify what we hope students will accomplish
- Introduce students to the Minnesota Career Fields and Clusters
- Complete a Career Interest Inventory
  - Use the platform your district offers – MCIS, Xello, Naviance
  - Complete Career Coach
  - Help students connect their interest to the Minnesota Career Fields and Clusters

Career Navigator @ South Central College

- Welcome and Introduction
- Travel around the Campus in small groups attending sessions from a variety of career fields
  - Some of these will be of interest to students, others may not be
  - This is about exploration and keeping an open mind
- Lunch will take place in a designated location
  - Students can bring a bag lunch, or the district will provide one
- Finish up the afternoon attending sessions

Wrap Up High School Activity

- Complete the Counselor/Chaperone Survey from your packet
- Survey your students to determine what connections were made and what additional career exploration is needed
