

Soundkins

Questions? aparna@soundkins.com or visit soundkins.com

Soundkins is a web app with phonemic awareness and letter sound activities to build foundational skills.

How Soundkins Works

Students meet endearing characters and hear their stories to improve the fundamental skills of phonemic awareness, letter knowledge, and blending!

★ "Press play" in the web app to start interactive videos.

Why it Works

- Engaging, multi-sensory, interactive learning
- Consistent, high-quality instruction
- Intentional design for multilingual learners and students with special needs

Proven Efficacy

19 teachers
339 Pre-K children

[See independent research study, 2022](#)

5 min daily whole group videos across 8 weeks
