#1

Provider of Black MD graduates to the U.S. in 2023 - 2024²

#1

Grantor of all degree types in the nursing field to minority students in the U.S.

1) Most recently reported academic year; includes Chamberlain University and Walden University.
2) As compared to all U.S. schools.
3) USMLE: First-time pass rate is the number of students passing the USMLE step 1 exam on the first attempt divided by the number of students whose first attempt was in 2020 - 2024. To take the USMLE step 1 exam students must successfully complete the Medical Sciences curriculum.
4) First-time residency attainment rate is the percent of students attaining a 2025 – 2026 residency position out of all graduates or expected graduates in 2024 - 2025 who were active applicants in the 2025 NRMP match or who attained a residency position outside the NRMP match.
5) 2019 was the last year reported prior to COVID relief measures, which included a freeze on loan payments and suspension of default statuses. Most recent reported year, 2021, Adtalem's default rate was 0.0%.
6) In 2023 - 2024, Adtalem graduated 419 female MDs, compared to the U.S. medical school national average of 72 female MDs.

What makes Chamberlain unique

Benefit for potential partner

Fast-paced, 3-year BSN program for students

Clinicals can serve as “working interviews,” directly funneling talent into the organization

8-week clinicals (48-96 hours), with flexible schedules

Limited time commitment; CU able to customize clinicals schedule to meet partner’s needs

Evening/weekend courses

CU students able to fill more challenging clinical placement slots

Students experience clinicals with a Master’s-prepared instructor

CU students are ready to learn and perform from day one

Dedicated clinical coordinator

1:1 relationship with a single point of contact from CU

Clinicals team should supplement the value proposition with additional data points (e.g., % of CU clinicals that take place over evenings/weekends, % of CU grads employed by one of their clinical placement sites)
