Productivity Assistant **ChatGPT + Copilot**

Pilots assistants that auto-summarize inboxes, schedule appointments, craft structured application letters, and surface stock insights.

Storytelling Video Creator **Higgsfield**

Transforms written prompts into cinematic sequences (i.e., cyborgs stepping out of 90s movie frames) ready for story-driven content.

Event Script Planner **ChatGPT**

Generates full 'draaiboek' playbooks, turning rough notes into detailed event schedules, task lists, and team instructions.

Voiceover Generator **ElevenLabs**

Converts scripts into natural-sounding narration, scaling short promos into professional voiceovers at speed.

Marketing Assistant **ChatGPT + Copilot for Word + ElevenLabs**

Orchestrates event campaigns by drafting copy, translating, and layering in AI voiceovers for polished promo videos.
