PERSONALIZED EXPERIENCES

At LA ROQQA, we curate remarkable moments for those who seek the extraordinary, in a place like no other, that's our essence.

As soon as guests arrive, they are greeted by one of the hotel's 'Storytellers', trusted staff members who know every highway and byway of the local scene, from off-the-radar organic wineries to romantic seaside trattorias, they can spin tales of Etruscan princes and Spanish viceroys while arranging introductions to boat skippers, walking guides, foragers, as well as a host of other offerings.

Poised between sea and land, amidst a town steeped in history and the wild garrigue of the Argentario "island", LA ROQQA offers a wide range of weekly activities, specially tailored to guests interests and passions.

Come and experience with us!

A man and a woman are standing in a dimly lit wine cellar. They are surrounded by large wooden barrels. The woman is on the left, looking towards the man on the right. The man is looking off to the side. The barrels have labels, including one that says "MONTEVE" and "Toscana". The lighting is warm and focused on the couple.
