

BOAT EXPERIENCE

ARGENTARIO AT SEA

LA ROQQA

An aerial photograph of a coastal fortification, likely a castle or fortress, situated on a steep, forested hill. The fortification features a central square structure with a circular tower, surrounded by lower walls and bastions. The hill is covered in dense green vegetation. In the background, the sea is a deep blue, with a small, rocky island visible on the horizon. The sky is a pale, hazy blue. The overall scene is serene and picturesque, capturing the beauty of the Tuscan archipelago coast.

At LA ROQQA, your journey doesn't end at the shoreline, it begins there. Our curated boat experiences invite you to explore the Tuscan archipelago coast from its most enchanting perspective: the sea. Drift along the sun-kissed coastline, discover hidden coves only reachable by water, and dive into the deep blues that cradle our island home.
