23rd ANNUAL WINE TASTING AND CHARITY DINNER

On June 13th, the West Coast Sports Medicine Foundation proudly hosted the 23rd Annual Wine Tasting & Charity Dinner, a memorable evening dedicated to supporting student-athletes and investing in their futures. Guests gathered and enjoyed an evening of fine wine, great company, and exciting live and silent auctions, all while coming together for a meaningful cause. Proceeds from the event benefited the Foundation's Team to Win program, which provides scholarships and support to deserving student-athletes as they pursue their academic and athletic goals. For over 30 years, the Team to Win Program has provided sports medicine clinics where uninsured and underinsured student athletes may receive free or discounted healthcare and wellness services.

We are incredibly grateful to all of our supporters, sponsors, donors, and volunteers who helped make this year's event such a tremendous success. Your generosity and continued commitment make a lasting difference in the lives of student-athletes and help the West Coast Sports Medicine Foundation-Team to Win continue its mission of giving back to the community.

Thank you to our amazing sponsors!

HONORING THOSE THAT INSPIRE

We had the pleasure of honoring these incredible women NBA athletic trainers at our event, all of whom continue to be part of the Team to Win program and community. It has been amazing to watch their journeys and accomplishments at the highest level of sports medicine. Their dedication, leadership, and impact on the athletic training community continues to inspire the next generation.

2026 SUMMER MENTORING SPORTS MEDICINE CAMP

In July, high school students participated in our **free** Sports Medicine Summer Mentoring Camp designed to spark interest in sports medicine careers. This year, we had an amazing turnout with almost 400 students in attendance. Our Summer Mentoring camp welcomes high school students of all levels to participate in a weekend long camp. Not only do students learn a wide range of sports medicine skills including anatomy, taping, splinting and much more, they also get CPR and First Aid certified. At camp, students break into smaller groups where they get to experience hands on learning from a certified athletic trainer. This small-group setting gives students a closer look at the profession, allowing them to ask questions, observe techniques, and gain valuable real-world experience while learning directly from an experienced athletic trainer.

Thank you to our amazing guest speakers—

Todd Adamson, PsyD, ABPP (Psychologist & Founder of Elite Psychology Group); **Courtney Watson**, DAT, ATC, NASM-PES, CES (Director of Health & Player Performance and Head Athletic Trainer for the Portland Trail Blazers); and the legendary **Gary Vitti** (long time former Head Athletic Trainer for the Los Angeles Lakers). We are incredibly grateful to have such accomplished and inspiring professionals as part of our Team to Win community. Their willingness to take the time to share their knowledge, experiences, and expertise provides our students with invaluable insight into the athletic training profession and the many paths they can take to build a successful sports medicine career. *As always, a massive thank you to all the Certified Athletic Trainers, Healthcare Professionals, staff, and interns who make our Sports Medicine Summer Mentoring Camp possible each year!*

FALL KICK OFF MEETING

As high schools begin their school year and fall sports start practicing, Team to Win hosts an annual Fall Kick Off Meeting. Team to Win helps provide the local high school sports with sideline medical coverage if the school does not have a medical team available. This meeting allows new and returning Team to Win Athletic Trainers, doctors, fellows, and other healthcare professionals the opportunity to come together to discuss and plan for the upcoming fall sports season. We are grateful to the doctors and fellows that dedicate their time to the safety of the student athletes during the fall season. Thank you to Fleming's Steakhouse & Wine Bar, El Segundo for allowing us to host our event at their restaurant!

BUMPS AND BRUISES SATURDAY INJURY CLINIC

Bumps and Bruises- Saturday Injury Clinic started August 29th. To help support our Team to Win athletic trainers at the local high schools/ colleges and their student athletes, TTW organizes sports medicine clinics where uninsured and underinsured student athletes may receive free or discounted healthcare and wellness services. Bumps and Bruises will be every Saturday during the fall season, with the last Saturday injury clinic on November 7, 2026.

UPCOMING: WINTER ONLINE AUCTION

To end the year, we will have our annual Winter Online Auction. Shop from the comfort of your own home for the holidays with a great selection of wine, champagne, and more! This is an amazing way to show support to our Team to Win program before the year ends. All proceeds will directly benefit the TTW program, contributing to all the amazing events and opportunities you just read about. Stay tuned, details coming soon!
