

## **MagicSchool Sub-processors**

Effective Date: Jan 23, 2026

MagicSchool is committed to transparency regarding how we operate and deliver our services. To effectively provide and maintain the MagicSchool Service, as well as necessary business functions, we engage several trusted third-party vendors and service providers, which act as sub-processors. These sub-processors are integral to various operational aspects, including but not limited to core functionalities such as hosting and data storage, technical IT support, enhanced customer service, and comprehensive website analytics.

MagicSchool maintains strict contractual agreements with all sub-processors to ensure data is handled in compliance with applicable data protection laws and our internal security standards. For complete transparency, the specific services performed by each sub-processor, along with the physical locations where data is hosted and processed, are meticulously detailed in a structured list that follows. A critical default is that, unless explicitly stated otherwise within the accompanying list, all customer data is hosted within the United States. This list is a dynamic document and is subject to updates and modifications in accordance with the terms and conditions outlined in our Data Processing Addendum, ensuring we maintain compliance and operational effectiveness.

<b><u>Entity Name</u></b>	<b><u>Subprocessing Activities</u></b>	<b><u>Institution Data - EMPLOYEE or STUDENT</u></b>	<b><u>Entity HQ Address</u></b>	<b><u>Processing Location</u></b>	<b><u>Entity Security Measures</u></b>
