Underlying Fund¹ Portfolio Update

During January, the Underlying Fund's performance was driven by valuation changes across several positions in the portfolio. During the month, the Underlying Fund made one new investment, bringing deployment to 31 companies in the last 12 months and the portfolio to 127 companies today with a total Net Asset Value of US\$7.42 billion.

- The Underlying Fund acquired Infobric alongside KKR's Global Impact strategy. Infobric is a construction technology provider in the Nordics and UK that helps contractors manage their supply chain and workforce.

Tech One is an IT Managed Services Provider (MSP) focused on SMEs in the Netherlands. Datagroup is a German IT services company specialising in managed cloud, network, and digital workplace solutions that support the digital transformation of enterprises across Europe.
