

KKR Private Equity (K-PRIME) Fund (AUD)

31-July-2026

Innovative open-ended strategy that provides access to KKR's well-established private equity platform.

Underlying Fund portfolio update¹

During the month, the Underlying Fund held a dollar-weighted average age profile of approximately 3 years, as KKR continues to benefit from momentum across its portfolio of high-quality companies progressing on their value creation initiatives. As of 31 July, the Underlying Fund completed one full exit during the month, bringing the portfolio to 130 companies with a total Net Asset Value (NAV) of US\$8.54 billion.

The Underlying Fund closed the sale of CoolIT Systems to a strategic buyer, highlighting the value created since KKR's original investment in 2023, including its transformation into a scaled leader in direct liquid cooling for AI and high-performance computing environments. The proceeds from the transaction are being recycled into a strong pipeline of new opportunities.

Existing portfolio company updates:

- **ReliaQuest** (Unlocking New Growth Vectors): ReliaQuest has partnered with OpenAI to bring AI-powered "agents" into enterprise cyber defence. Through OpenAI's Daybreak Cyber Partner Program, ReliaQuest will build OpenAI's latest models into its GreyMatter platform, creating AI agents that can spot, investigate, and respond to threats on their own and much faster than before. The partnership helps ReliaQuest reduce the time it takes to contain attacks and lowers risk for its customers. It also adds a powerful new set of AI capabilities that widen the company's market and strengthen its edge with enterprise clients.
- **Simon & Schuster** (Strategic Repositioning): Simon & Schuster UK and International launched Simon Stream, a new global, digital-focused imprint for commercial fiction. Simon Stream combines Simon & Schuster's global publishing and distribution capabilities with a faster, digitally focused model, publishing titles across eBook, audio and print. The launch expands the company's efforts to reach readers across formats and global audiences.
- **Lighthouse Learning** (M&A): has signed the acquisition of Pathways Schools, one of India's top K–12 school networks. The deal adds a group of well-established, high-quality schools to the platform and expands its reach across India's fast-growing private education market. Backed by KKR's continued support for the next stage of growth, the acquisition moves Lighthouse Learning closer to building a leading pan-India education platform by broadening the schools and programs it offers so it can serve more students and families across the country.
